LEAGUE FOR NEWCHARTER IS LAUNCHED

Members of New Organization Told Haste Is Necessary As Petitions for Election Are Still Held in Private Hands

Second "Mass Meeting" Elects Officers and Carries Out Program; Attendance Half That of the First Meeting

With the acceptance of the plans for organization, as drawn by the Committee of Twenty-one, a general "mass meeting" of proponents of city and county consolidation last night formed the Alameda County Charter League, adopted by-laws and elected officers. The attendance was only about half of that of the first general session. Invitations had been sent to the various improvements and civic organizations throughout the municipalities of the county but the response was very light. Five of the members of the Committee of Twenty-one were not present. A pre-arranged program was carried through without opposition.

Chairman Cole, in explaining why haste was necessary, made the statement "that the petitions were in private hands and not in the possession of the League."

Machinery toward the appointment of a committee to nominate that ticket of freeholders which will be supported by the league was set in motion, the report of the committee on "facts" was attacked and defended, and there was an hour's discussion as to the advisability of using the word "federation" instead of "consolidation" on the pledges and other literature of this new league.

REPORTS ARE "DOCTORED"
AT PRIVATE MEETING.

With the opening of the session it was evident that the Committee of Twenty-one had held another session since the last one and that the reports of a week ago had been altered in a number of ways for presentation to the larger body. At this private meeting, on Wednesday evening, the provision making the election of the chairman of the smaller committee as president of the League was dropped, the new dates set for every fourth Thursday in the month instead of every third, and Chairman Cole and the nominating committee named to success officers for the league was dismissed. It was found that the smaller committee, under the articles, had no right to nominate officials for the larger one.

Following a report by Chairman Walter D. Cole of the Committee of Twenty-one, he held another session since the last one and that the reports of a week ago had been altered in a number of ways for presentation to the larger body. At this private meeting, on Wednesday evening, the provision making the election of the chairman of the smaller committee as president of the League was dropped, the new dates set for every fourth Thursday in the month instead of every third, and Chairman Cole and the nominating committee named to success officers for the league was dismissed. It was found that the smaller committee, under the articles, had no right to nominate officials for the larger one.

OFFICERS ELECTED FOR NEW CHARTER LEAGUE

The following officers were elected:

President, Walter D. Cole, secretary, Clara B. Sikes, Berkeley; treasurer, Frank L. Naylor, Berkeley; vice-presidents, O. C. Marr, Albany; Oliver Ellsworth, Piedmont; Irving Kahn, Oakland; E. C. Bradley, Berkeley; W. J. Locke, Alameda; Ralph S. Hawley, Emeryville; Dr. C. H. Miller, San Leandro; Mrs. John Park, Hayward; Thomas H. Silver, Pleasanton; Mable Clarke, Livermore; Josiah W. Stanford, Warm Springs; Mrs. E. H. Thorne, Niles; Thomas Orloff, Dublin; A. W. Bright, Sunol; James Nelson, Centerville.

The nominating committee was: E. K. Taylor of Alameda, A. S. Laven- son and Charles Snook of Oakland; Mrs. Aaron Schloss and Charles H. Spear of Berkeley.

Following the reading of Cole's report as to what had been done by the smaller committee, which included a rehearsal of the report of the committee on "facts," Mayor Frank Otis of Alameda opened the discussion with a plea for more information.

ALAMEDA MAYOR PLEADS FOR MORE INFORMATION.

"I came here to get enlightenment," he said, "and get nothing but the same general statements. This report says that \$350,000 may be saved on purchases alone. Where can this be saved? It does not say. Are you asking the people to vote for consolidated government or no more than that? There is no specification as to the manner of saving and nothing more than guess work. The report does not give one good reason upon which to go to the expense of an election." Mayor Otis later refused to sign one of the league pledge card.

David C. Dutton declared the plan for organization was too restricted in that it did not provide for any sounding out of sentiment and said that they would vote against it.

"These articles are so narrow that they do not go to the men to whom we as freeholders said Dutton 'I understand it, our purpose is to sound out the opinion of the community as to whether or not it is best to form an organization of this kind.'

"I believe our aim and purpose should be fixed and not confined to work for some one to act as freeholders. The articles do not say that the men to be chosen should be either for or against the consolidated plan and leaves the way open for the selection of men who are opposed to it."

ORGANIZATION ADOPTED OVER DUTTON PROTEST

Following Dutton's protest, the question of accepting the organization report was put to a vote and declared carried by Chairman Bartlett. Dutton was, however, not without support. The chair was then turned over to Walter D. Cole, as newly-elected president of the league.

"The province of this league," said Cole, "is to settle down to business to carry out the desires of those who

HERO OF GREAT WAR LED ASTRAY BY BOOTLEG RUM

JACK WHITE, wearer of medals for heroism and distinguished service, who has nevertheless come into conflict with the law.

Wife-Nurse at Verdun Is Still True to Him

Fate and a few drinks of the bootleg variety of jackass brandy has played a sorry trick upon Jack White, world war veteran with two honorable discharges and four decorations, former Rough Rider at San Juan Hill, and for 17 years in Uncle Sam's regular army.

Today he is in the court awaiting arraignment in the superior court on the charge of forged. He is in this predicament because while employed with the Booth Canning Company at Centerville he took a few drinks and then accidentally found the pay check of a fellow employee which he cashed while still under the influence of the liquor and in need of money.

THOUGHT OF WIFE LED TO FIRST MIS-STEP

And it was of his wife, the little English nurse he married after she had helped him fight the battle against death, that he was thinking when he forged the name of John Pink, his fellow-employee, to the check for \$25. He knew that she needed food and clothing, and to give her both his alcohol-affected brain caused him, for the first time, to transgress the law.

Before he left the now frequent stop of the World War veteran, wounded and shell-shocked, incapacitated for hard work and forced to drift from job to job in an effort to eke out a living, White is a clement worker, but is physically unable to follow his trade.

WHITE WORKS TO PAY FOR HERO'S DEFENSE

Proving that the little wife who has been through the thick of battle has not yet deserted her hero of Verdun Sheriff Frank Barnes today received a check from Mrs. White to make good on his debts. This was received from Fresno, where Mrs. White is working in an effort to pay attorney's fees and effect her husband's release. She is hoping White will be granted probation.

"All I want is a chance and work that I can do," says White. "Often I have said to my wife that it would have been better if I had never returned to those bullet-wounds than to have married and brought her to this country only to eke out a bare existence."

GOES WITH HIGHLANDERS TO FIGHT GERMAN HORDE

A warrior of signal merit in Uncle Sam's armies during the Spanish-American war and subsequently, when he saw service in the Philippines and China, White champed at the bar when the German hordes swept across Belgium. Foreseeing the entrance of the United States into the war he tried to enlist, but was turned away on account of physical defects. He then joined the 12th Highlanders, Canadian Regiment, in San Francisco in March, 1916.

Commissioner Soderberg asked Manager Lloyd D. Barzee of the school department if he could furnish the full information regarding the department finances.

"Auditor Edgemon told me he will give any information desired to anyone who honestly and sincerely desires it," said Barzee.

He elaborated the statement by declaring that the efficiency expert and auditor would include necessary and legal requirements in his "so-called budget" that the estimates submitted contained several errors, and that the expert's figures showed several cases of contradiction.

Barzee declared that he believed Expert Cook knew when he submitted his figures that they wouldn't provide for any increase in teachers' salaries.

Strike Ranks Are Broken by Veterans

BY INTERNATIONAL NEWS SERVICE.

NEW YORK, Sept. 3.—The first break in the ranks of striking employees of the Brooklyn Rapid Transit Company came today when 146 motormen and conductors, all of whom had seen fifteen years or more service, returned to work. Their action followed the promise of Federal Judge Julius Mayer that strikers who returned to work would not lose their benefits, seniority or other privileges.

Twenty Brooklyn surface lines were being operated today, although not on full schedule, while subways and elevated lines were running about half normal. Strike leaders declared the strike would go on.

Little Boy Is Killed Under Wheels of Car

SAN FRANCISCO, Sept. 3.—An unidentified boy about 5 years old was run down today by a United Railways street car at Twenty-fourth and Castro streets, and killed instantly.

According to spectators, the lad passed from the sidewalk directly in front of the car, apparently having misjudged the rate of speed.

It took fire apparatus more than an hour to extricate the body from the car, which had to be lifted from the tracks. A five-cent fare was found tightly clutched in the boy's hand.

DECORATED AND SENT PERSONAL NOTE BY KING

During his service White says he was wounded twice, gassed four times and shell-shocked twice. Besides a personal letter from King George, White was decorated with the King's Cross, the Mons medal, Verdun medal and Belgium medal. White was last discharged from the Army at Victoria, B. C., on August 1, 1919.

White began his military career at the age of 16 when he enlisted in the regular United States army in 1893.

He saw twelve years of service in the Philippines and nearly five years in China.

At the outbreak of the Spanish-American war he volunteered and became a member of the famous regiment of Rough Riders organized by Theodore Roosevelt.

He says he was held captive at

Armenia, when he was killed at San Juan Hill.

U.S. to Pay on Space Basis in Mail Haul

WASHINGTON, Sept. 3.—The speed of a system governing payments to electric railways for transportation of mail was established today by the Interstate Commerce Commission. Complaints filed by electric railway companies throughout the country contend that the present method of payment did not afford a fair measure of service in all cases.

The commission fixed schedules of payment under the space-space system which was held to be a reasonable means of measuring service.

CHARGES OF VICE DENIED FOR TELFER

Legislators Assert Conduct of Girls in State Printer's Office Exemplary and That the Work Was Unhindered

Secretary of State Denies An Agreement Is Being Reached to Naturalize Japanese Now in U. S. and Exclude Others

150 Striking Printers Vote to Go Back to Work, Provided Foreman Johnson Is Reinstated; Printing Is Tied Up

California senators and assemblymen frequently ate sandwiches and had luncheon parties with the girl employees of the state printing office at Sacramento, but their relations were "friendly and cordial," Senator William J. Locke of 1161 Bay street, Alameda, declared today in discussing the charges of misconduct made against State Printer Robert Telfer by striking printers to the State Board of Control and Governor Stephens.

Telfer denies the charges that the women in the state printing office encouraged him to "entertain" them, states that he has conducted himself properly toward the girl employees that he has manipulated paper contracts to throw 80 per cent of the business to a certain big paper house. Telfer also denies the charge that he has used the state workers in the conduct of his own business.

The two governments may conclude a rapid and final diplomatic conversation.

The Japanese, as incorporated in the ballots, struck

STRIKE MAY ENDANGER READING PRINTING.

Printers of the state printing office today voted to return to work to complete printing needed for the state fair which opens Saturday, providing Carlton Johnson, foreman of the proof room, is reinstated. The printing of supplies for the November election may be endangered by the strike.

Senators A. H. Breed, Frank M. Carr and Edwin M. Otis and Assemblyman William J. Locke of Alameda, who are members of the state printing office, declared that the work was unimpeded.

Carlton Johnson, head proof reader, in petition to the Board of Control, however, was discharged and 150 printers struck

DOING PRINTING.

Johnson SAYS WOMEN TAKEN

The discharged proofreader, Johnson, in his petition and affidavit, declares that legislators would take their lady friends away from their work in the print shop and that their pay would go on while the regular workers had to toll overtime to make up for it.

Locke draws a different picture.

Locke says that these events did not prevent the girls from "tending to their business" or take them away from the office during their regular working hours.

JOHNSON SAYS WOMEN TAKEN

The discharged proofreader, Johnson, in his petition and affidavit, declares that legislators would take their lady friends away from their work in the print shop and that their pay would go on while the regular workers had to toll overtime to make up for it.

Locke draws a different picture.

At the noon hour in the printing office you could frequently find senators and assemblymen sitting with the girls, eating sandwiches and laughing and joking, but there was no ground for the charges brought in the petition," said Locke.

"I have been in on these luncheons myself and they were harmless and innocent," he said.

Telfer, in his statement says that a predatory attack has been made against me as a part of the fight by the printing department employees to secure Saturday half-holidays with pay."

ASSEMBLYMAN BROOKS SAYS TELFER EFFICIENT

Assemblyman Clifton E. Brooks, 1580 Madison street, Oakland, who was secretary of the Senate in 1917, declared that unless Telfer had shown a "complete reversal of form" within the last few months, such actions as charged could be considered entirely foreign to the State printer's character.

Telfer has always been considered a very efficient executive, declared Brooks. "His workers have no fear of him and he is popular with the men," he said.

He is a man of high repute," he said.

Senator Frank M. Carr, 1410 Evans avenue, Oakland, said that while he was never in close touch with the state printing office and knew none of the employees, that Bill was always handled promptly and efficiently by the state printer.

SENATOR BREED IS SURPRISED AT CHARGES

Senator Edwin M. Otis, 1528 Paru street, Alameda, also declared that he had never been any intimation made within his knowledge that the state printing office was not being conducted properly.

Senate Board of Control, surprised at the charges made against Telfer, he termed the story "an injustice to Telfer, his women employees and the members of the legislature."

Telfer said:

"Each session during Mr. Telfer's regime I have spent fully as much time as any member in the capital building. My office as president pro tem of the senate is within fifty feet of Mr. Telfer's office."

I have, of necessity, called at his office daily, and sometimes oftener, yet I have never seen anything out

of the ordinary course of business.

According to the police, the finding of Wallace's dismantled automobile destroys a clew they had been following in the belief that Hayes had abandoned the banking institution's automobile and driven off in Wallace's car.

The automobile belongs to Albert Wallace, 1615 Height street. Wallace's car was stolen last night from Seventh and Stevenson street, a few minutes after the automobile which belonged to the bank and which was driven by Hayes, the same man who discovered the car.

Wallace's car was stripped of all movable parts, at Forty-sixth avenue and Geary street.

LEAGUE FOR NEW CONSOLIDATION CHARTER FORMED

(Continued from Page One)

signed the petitions for an election. The petition does not lie in the hands of the league, it is in private hands. We are informed that it will not be filed so long as we show the disposition to work in all fairness and justice.

"It is our first duty to appoint a committee to make an immediate canvass of the available material to freeholders. This movement is either good or bad. A bad character may destroy itself; a good one may help it to live longer. The choice of an committee does not bind the elector.

Any person securing \$600 can't may become a candidate for freeholder. It therefore behoves those who agree with the purposes of the league to stand behind it to help elect the freeholders it names, and to see that a good charter is drawn.

Cole then announced that he would appoint the freeholders and other committee men "at a later date," as he wanted to give the matter some thought.

FEATHERED CONSOLIDATION WHICH WILL IT BE?

As the pledge cards for the new league bore the word "feathered" instead of "consolidated," a lively discussion resulted L. B. Magoun voted the change.

"The word 'consolidated' means something different than 'feathered,'" said Charles Snoot in defense of the latter word. "Consolidated means that a government as is had in San Francisco and this scheme is different."

It is then recited that the super-

intendent (Telfer) "has taken advantage of his position to pursue the female employees of the department and subject them to temptation and undue influence."

Besides requesting that the conditions within the State printing office be probed, the petition asks for an investigation of the relations between Telfer and a big paper house,

which it is alleged extended credit to Telfer and enabled him to purchase a large interest in the Anderson printing plant here. An accountant for the State printing department has been paid by Telfer to keep the books of his private business, it is charged.

Johnson further declares in his petition that 70 to 80 percent of the business of the printing department is given to the paper house referred to through manipulation of the specifications, and after the bids are in.

STATE PRINTER DENIES CHARGES

Telfer denies the charges and said today that it was merely an attempt to cloud the issue of the Saturday half-holiday.

"Failing to secure a half-holiday, the employees, or at least some of them, attempted to wreak their revenge upon the State printer, though the question is not fully within my jurisdiction," said Telfer. I shall demand a full investigation of any charges against my agent. Apparently attacks of this kind are to be expected by any one in public office trying to do his duty."

Having had some identification with organized labor, we are reliably informed, were members of the legislature and persons attendant upon the session."

It is then recited that the super-

intendent does not mean "consolidated" at all, but a "federated consolidation," was the contribution of Fred Athearn of Berkeley, who spoke of the word as it appears in the constitutional provision.

The provision does not say whether the freeholders shall form a consolidated unit with or without the borough system. Charles D. Heitwood of Berkeley thought the word "federated" might be used to limit them to the latter plan.

The matter was finally considered to be of such importance that more time was needed before a decision was reached, and it was put over to the next meeting.

On Sept. 10, A. Vandette, a vice of thug, was tendered Mayor Luis Barthet of Berkeley for the "time, effort and fairness he had expended in the work of organization."

PLANS LAID FOR PLEDGE CARD SIGNERS

Plans were set for the securing of signatures to the pledge cards and a number spoke in defense of the committee on facts, outlining what they believed to be the date upon which the estimates of saving were based.

A. S. Lavenson spoke of possible savings in purchasing. E. C. Williams, of the United States council here, said that the money had not been sent and Charles Spear and J. J. McElroy added to the discussion.

Delegating that specific instances had not been given and that these estimated savings were no more than guesswork, Mayor Frank Orr again asked for more information. "It has not been shown," he said, "whether a public utilities district would not be a better place to settle our water question. Such a plan could include Richmond. I would also ask the committee if they do not know that the municipalities have already expressed their willingness to have all the taxes handled through one office."

The next meeting will be held on September 23 at the city hall unless a special session is called before that date.

Be sure to visit Chevrolet for the life three-day sale to be held Sept. 10, 11 and 12. Prices have been slaughtered and lots will be sold for \$1 down and \$1 per week. Concrete streets, sidewalks, sewer, water, etc., now installed. Lots \$250 to \$615.

Mother Love's Supreme Sacrifice Is Theme of New American Play

PAULINE FREDERICK, in "Madame X" coming Sunday to the American.

Wonderful Drama of Speaking Stage Is Presented with Rare Realism as Screen Offering.

"Madame X" perhaps the world's greatest play of mother-love and its supreme sacrifice, and one of the biggest hits of the decade on the speaking stage, comes to the screen, beginning Sunday matinée, to the American as a screen production.

Pauline Frederick, celebrated emcee actress, plays the tragic part of the mother in the remarkable story of Paris, its mystery, tragedy and heartbreaks.

On the same bill is "The Miracle of Money," presented by an all-star cast.

Solons Discredit Charges of Vice Against Telfer

(Continued from Page One)

of the way in his or his employers' actions, nor have I seen any conduct to even arouse my suspicion.

"I am not deaf, dumb or blind, and if such actions as are now complained of had been taking place during the sessions I am sure I would have heard about it."

CARLTON JOHNSON ACCUSES TELFER

Declaring that anyone working in the state printing office is subjected to "stealth and humiliation" because the alleged immoral and improper conditions are so general, Carlton Johnson, head of print readers and attorney for the strikers, who signed the petition for the strikers, charged that Teffer's refusal to grant the workers a half holiday Saturday.

Johnson was discharged from his foreman, after he had refused to recall the petition.

It is charged by Johnson that many of the female employees were hired to the social life of the legislators would not be too difficult. The complainant alleges Teffer "was, and is, responsible for immoral practices in connection with the bill room," a part of the printing plant. It is further stated that Teffer is alleged to have frequently entertained his employees in the bill room in a room and has started the "romantic relationship in an illegal fashion."

NAMES OF LEGISLATORS NOT MENTIONED

The report does not mention legislators by name, but asserts "the chief attendants of the female entertainers in the bill room, we are reliably informed, were members of the legislature and persons attendant upon the session."

It is then recited that the super-

intendent does not mean "consolidated" at all, but a "federated consolidation," was the contribution of Fred Athearn of Berkeley, who spoke of the word as it appears in the constitutional provision.

HARDING ASKS SQUARE DEAL FOR FARMERS

MARION, O., Sept. 3.—A square deal for the American farmer will be "one big practical step against the high cost of living," Senator Warren G. Harding declared, speaking to a representative of national farm organizations here today. The Republican candidate laid down his broad program for agriculture which he will expand in his Minnesota farm speech next week.

Harding favors:

Presence of the farmer in both administrative and representative government offices.

Extension of farm loan principle, not to those who overfarm, but to those who wish to buy land.

Restoration of a more normal supply of farm labor.

CO-OPERATIVE BUYING

Co-operative buying, selling and distribution of farm products.

Products of American soil to be protected against those from countries with lower standards of living.

Harding said he deplored political appeals to special or class interests and put forward this program only with the firm belief that that is for the benefit of every consumer and the nation as a whole.

"A nation lives no longer than her national health abides," he warned, and declared the farm has been smothered for eight years.

AWAKE COUNTRY

"I desire to awake the country to the menaces to its future unless American agriculture is preserved," Harding continued.

"And above all, I desire that I may have a hand in stopping bungling and economic nonsense, and false promises and empty words, all of which have smothered the farmer as they have smothered us for eight years in taxes and interference."

Deplored appeals to class interests, Harding incidentally warned against "undue meddling" in affairs of other nations which may in a future election result in a hyphenated vote which may be delivered to that candidate who is most supine in fact of un-American pressure."

POLITICAL SPOTLIGHT

NEW YORK, Sept. 3.—James W. Gerard of New York, former ambassador to Germany, has been appointed chairman of the final committee of the Democratic national committee. It was announced here today. Gerard, who was a candidate for the presidential nomination, will assume his new duties at once.

Germany to Square France for Riots

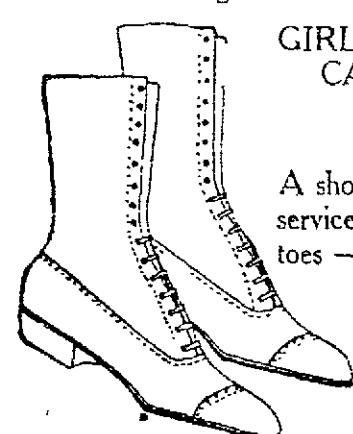

PARIS, Sept. 3.—The Foreign office received official notice of Germany's acceptance of the terms embodied in the French demands for reparation on account of the recent incidents at Breslau, which included an attack of a German mob on the French consulate.

State senator: Nelson 2603, Quinn 318.

Assemblyman: Cunningham 2,224.

Constituents 2,224.

County 1,001; W. Olney Jr. 2,692, Shaine 1,832, York 916.

Superior judgeship: Murray 2,652, Setzer 2,419, Frazer 1,136.

Supervisor: Massan 555, Packman 322, Baldwin 274, Crawford 2, Flint 35, Erickson 29.

RANDALL IS LAGGING

LOS ANGELES, Sept. 3.—Returns from 565 precincts (complete) and several incomplete, out of 1289, in the fight for the Republican nomination for Congress in the ninth district give Representative Charles H. Randall 6943, Charles F. Van De Water 10,217, Ralph Criswell 3601, James W. K. Clark 379.

G. O. P. PLEA FOR HAGUE TRIBUNAL FLAYED BY COX

By HARRY L. ROGERS,
International News Service Correspondent.

EN ROUTE WITH GOVERNOR COX TO EDEA, Ohio, Sept. 3.

Characterizing the old Hague tribunal which Senator Harding proposes to substitute for the League of Nations as "reactionary, with bats in its belfry and spider webs everywhere," Governor James M. Cox, Democratic presidential nominee, in a rear platform speech here today, declared it was inadequate to prevent war and that it was closed as far as the League of Nations is concerned.

The governor made this statement in an unexpected speech from the rear platform to a crowd of trainmen just before the special left to head this morning for Lansing, Mich., where he will speak this afternoon.

"It is proposed to substitute the old Hague tribunal for the League of Nations. That old institution closed up before the war, I imagine there are bats in the belfry, there are spider webs everywhere. Certainly it was closed as a distinct failure, having been unable to prevent the war of 1914. And now, the opposition candidate says that we will go back open up this institution and try to keep house in it. Men, that is the same source you received from me, said one source you received from me, said one source you received from me, when I came to you with a new constitution and asked you to adopt it, a constitution which would give us mothers' pensions, a constitution which would give us the workingman's compensation law, a constitution, in short, which would enable government to provide for the needs of the people.

"When I proposed to the good people of Harding that 'No, let us continue as we were,' and now he says that instead of adopting the League of Nations, which is the modern idea in the matter of bringing the nearest possible guarantee of peace, he says 'let us sweep out the old Hague tribunal—the reactionary spirit again.'

"In opposition to that we propose the progressive spirit. I want war to teach us a thing of the past and the memory of the days we would like to forget about. I want peace in the world. I want prosperity in America and I want government to play absolutely fair with labor and capital."

ALAMEDA

ALAMEDA, Sept. 3.—Following

conference of city officials headed by City Manager C. E. Neves and City Attorney W. J. Locke with Southern Pacific heads today in reference to the company building a station at High street and Fernside boulevard, east end residents are hopeful of an early settlement of the matter.

A request for the station has been

made several times by the east end residents of the town, and various

checks made by City Engineer C. E. Nickels and presented this morning.

His meeting showed that an average

of 170 persons use this location

as a station each day, and no adequate shelter is provided there.

City Attorney Locke, representing Alameda, declared it only proper

that provision for shelter should be

made at once to avoid having a

repetition of drenched commuters,

as have been evident at the station

view more fully.

Among the questions asked were

whether the presidential nominees

favor a national department of public

and co-ordinating many bureaus

and commissions; the appointments

of an engineer as a member of the Interstate Commerce Commission; a

progressive program of conservation

and development of purposes and

activities; a projected system of ap-

propriations and the reclamation of

waste lands with special financial

aid.

In reply, Senator Harding said

he had been considering the next two weeks,

but feared "I should be unworthy of public confidence if I ventured to decide so

important and far-reaching a question without the very fullest study."

Divorce and Custody of Children Secured

Testifying that Warren Livermore absented himself from home while gambling and left her desolate

circumstances so bad that he falsely

accused her of associating with other

men and once choked her until she

was unconscious when she took him

to task for not paying the bills. Mrs.

Rose Livermore was granted an interlocutory decree of divorce.

The decree, signed by Judge Dudley Kinsey, gives Mrs. Livermore custody of four children, aged 17 to 5, and \$50 a month for their maintenance.

ASKS \$15,000 DAMAGES.

Fred Starr alleges in a suit filed

today that he took passage on a Pullman car in Oakland on March 4, for

Chicago and that on March 8 another passenger on the car kicked

and beat him and shot amonita into

his face. He alleges negligence on

the part of the Santa Fe and Pull-

man companies because they failed

to have a watchman on duty, and

asks \$15,000 damages.

ELKS' THEATER PARTY

Oakland Lodge of Elks, No. 171,

will hold its annual theater party

at the Fulton Theater tonight. The

funds derived from the sale of

tickets will be used in one of the

lodge's many benevolent projects.

The affair is in charge of the athletic

committee of the order, consisting of

George W. Stethen, Al Schammel, W.

Reah, W. B. Noshman and George

Crosswhite.

Another Wonderful Opportunity. A Small Deposit Will Hold Any Coat

A Mammoth Plush Coat Price Slashing Event!

Occasioned by tightening of Money Credits to a large number of Plush Garment Makers in the face of Increased Raw Materials!

During the past few weeks several of the foremost makers of plush coats in America have been sending out an S. O. S. to the buyers of some of the more progressive stores, entreating them to stock plush garments, and offering very drastic price reductions in wholesale quotations as an inducement. This store responded, placing the first shipment, a comparatively small one, on sale a few weeks ago. The first large shipment was placed on sale August 21st. We now offer the final, and largest shipment, at prices that slash former quotations to ribbons. Same prices as in the last sale, but the qualities are even better in most cases.

It was our Opportunity--we pass it on to you

Don't wait! Plush coat season is almost at hand, and you can see for yourself what money you save by doing as we did—we went into the market when the manufacturers were in urgent need of money, and we made money by doing so. Now you can have a corresponding saving, because we want quick selling and we're going to get it. All styles, all lengths, and all sorts of trims. You'll find just what you want. Don't delay!

36-IN., FULL SWEEP, TRIMMED

A 36-inch length plush coat, full sweep, with shawl collar, cuffs and handsome bottom trim of kit coney. The bottom band is 11 inches deep. Belted all around. Black Venetian lining. Special price for this sale will be

\$49**48-INCH SILK PLUSH COATS**

A splendid value, made possible in this big event in this 48-inch silk plush coat, with full lining of black Venetian, and a large collar, big cuffs and a ten-inch bottom band of kit coney. Belted all around. This is a full cut, very roomy coat. On sale tomorrow at

\$39**SILK MOLE PLUSH COAT—Beauty**

Here is a beautiful silk mole plush coat, with extra large collars, and fancy Paisley lining. The coat is an extra full width, of perfect design, and a most wonderful value as here offered. This garment, priced during the new season to come, will undoubtedly cost you a very much higher price.

\$49**A 36-INCH SILK PLUSH COAT**

With full sweep. Tailored serge lining. Shawl collar and plain side pockets. The belt can be used either inside or on the outside of the garment. A thoroughly first-class plush, faultlessly made and to sell tomorrow at this wonderful price

\$29**EXTRA FINE SILK PLUSH COAT**

A beautiful coat of fine quality silk plush, with a shawl collar of black opossum. Fancy silk lining. Length 36 inches. Belted all around. Combination back, belted or loose fitting. The low price on this splendid coat tomorrow will be

\$49**OTHER PLUSH COATS—SPECIAL**

A lot of other coats all sensationaly low priced, taking big reductions and costing prices ranging from \$49.00, \$59.00, \$69.00, \$79.00, \$89.00 and to \$99.00. Bear in mind, too, that a small deposit will hold a coat for you, so don't stay away because you don't want to part with the entire price tomorrow!

SHAW TALKS ON POLITICAL ISSUES

Criticism of direct legislation, a plea that individual initiative be unrestricted by government and opposition to single tax were expressed yesterday before the Rotary Lions' and the Progressive Business Club by Leslie Shaw, twice Governor of Iowa and Secretary of the Treasury during Roosevelt's administration.

The fathers of this country, he declared, created a republic not a democracy. "The fathers never intended the people should rule directly," he declared, "but through elected representatives."

INITIATIVE CRITICIZED

The initiative and referendum, he said, had been found impracticable and declared that after he had served two terms as Governor of Iowa some friend asked him what reforms he had accomplished. In reply he said:

"None, thank God, I left the state as good as I found it."

The government, he said, should function merely to insure citizens' liberty and the pursuit of happiness. True happiness, he said, is an individual initiative and contained:

"You will be the most satisfied when you own your own home, whether it is a narrow little lot in a city or a forty-acre tract of land. But it is rare from the middle of the earth to the zenith. Bob Ingersoll was right when he said it took a lot of courage for a man to shoulder a musket in defense of his boarding house."

PURSUIT OF HAPPINESS. The pursuit of happiness, he said, is the greatest right enjoyed by man. A man's right to do what he wants, provided what he wants, he asked, has the government to say he must stop and that the government will raise the prunes. The same, he adds, is true of shipbuilding and other like industries.

The single tax plan, he said, has proved a failure. If in effect, he said, it would eventually stifle building because one would be unable to borrow on the land.

Felony Charge Made Against Hollman

Henry Hollman, 1752 Seventh street, has been indicted on a felony charge of selling liquor after having once been convicted of the offense. The law makes it a felony for a person once convicted to repeat the offense. Hollman was convicted of the first offense last June.

ANNOUNCES

Oakland's biggest business sale September 4th, 5th and 6th. Lots in Cheviot Park, Seminary Avenue and Tremor street, \$250 to \$645. Terms 3 down and 12 weeks, which includes cost of all cost work now complete—Advertisement.

MOTORS TUNING UP FOR CLIMB OF PIKE'S PEAK

COLORADO SPRINGS, Sept. 3.—Twenty-five entrants for the second Pike's Peak hill climbing automobile contest made daily spins to try out the road and put their machines into racing trim. It is said that the time made in 1916, the year of the former race, has been beaten in one or two instances, but nothing official has given out.

Drivers who have been over the course this year are said to have given away from slowing down and making broad swings at curves. Brakes are clamped on instead and cars are taken around curves by a sort of double skid. This maneuver throws cars around to head for the next stretch. Brakes are released and gas is let in. Each time it is saved, the element of danger is increased and several narrow escapes from dangerous spills have been reported.

MRS. ALLEN TO RETURN

Mrs. John S. Allen of Castro street, who has been spending her vacation in Canada and Alaska for several weeks, is expected home soon.

INDUSTRY BOARD TO AID OIL MEN

MEXICO CITY, Sept. 3.—A plan for the operation of the newly-formed petroleum consulting board of the Ministry of Industry, Commerce and Labor, has just been made public.

In the effort to bring the government and oil company interests into closer relations, the latter will be permitted to attend the sessions of the board and present claims or give information, but without the power to vote.

Another of the announced purposes of the board, of which General Trevino, secretary of Industry, Commerce and Labor, is chairman, is the dissemination of information regarding the petroleum industry. The board has begun functioning.

DRIVERS

The drivers are to be divided into three classes, according to the sizes of the cars. The prizes are valuable cups and purses aggregating several thousand dollars.

"None, thank God, I left the state as good as I found it."

The government, he said, should function merely to insure citizens' liberty and the pursuit of happiness. True happiness, he said, is an individual initiative and contained:

"You will be the most satisfied when you own your own home, whether it is a narrow little lot in a city or a forty-acre tract of land. But it is rare from the middle of the earth to the zenith. Bob Ingersoll was right when he said it took a lot of courage for a man to shoulder a musket in defense of his boarding house."

PURSUIT OF HAPPINESS. The pursuit of happiness, he said, is the greatest right enjoyed by man. A man's right to do what he wants, provided what he wants, he asked, has the government to say he must stop and that the government will raise the prunes. The same, he adds, is true of shipbuilding and other like industries.

The single tax plan, he said, has proved a failure. If in effect, he said, it would eventually stifle building because one would be unable to borrow on the land.

NINE AUTOISTS ARE SENTENCED

ALAMEDA, Sept. 3.—In the regular weekly round-up of speeders and traffic violators, nine persons appeared in the police court here today and received sentences varying from a \$10 fine to the loss of their automobile for four months. The traffic violators represented those arrested this week by Officer James Ross.

Following the men arrested: William Brummond, 821 Meade avenue, Oakland, speeding; case continued one week; speeding.

Sho Sakamoto, 239 Fifth street, \$10 fine; driving with open muffler. Guido Pasquini, 1715 16th avenue; deprived of use of machine for four months.

Dewey Hopkins, 625 Thirty-eighth street, Oakland; deprived of use of car for three months.

Steve Lacerio, Bay Farm Island; machine impounded for two months. Richard Domingo, 1331 Webster street; car impounded for month.

H. J. Den, 2521 Noble avenue; car held for one week.

It Can't Be Done?

Concrete streets, 4-in. and 6-in. cast iron manholes, sidewalks, sewers, etc., all declined in cost of \$1 from \$20 to \$45, and on terms of \$1 down and \$1 per week.

It can't be done and will. Come to Chevrolet Park Sale Sept. 4-5-6.

DECLARE FOR OPEN SHOP

MONTGOMERY, Ala., Sept. 3.—Declaring that it was not their intention to fight union labor, but "stop union domination" of their plants, seven of the largest shipbuilding and ship repairing concerns in the state, announced a "open shop" policy. The company officials in a public notice announced that all union men in their employ desiring to remain would be kept at work.

Stage Driver Held on Manslaughter Charge

BERKELEY, Sept. 3.—Oliver C. Horsfall of Oakland, driver of the auto stage which killed Randolph P. Brooks, a valet boy at the Pablo Serrano and Harrison street, last week, will stand trial in the Superior Court on a charge of manslaughter. He failed to answer to the question put yesterday by Judge Harry Putzifer.

Tomorrow at Gerwin's—Introducing the Supreme Millinery Values of the New Season—an Achievement!

Trimmed Hats Ready-to-Wears Tailored Hats

\$8.50

TRULY an achievement in merchandising and reflecting the supremacy of Gerwin's in Millinery Values! Richmond Boosters Greeted in Alameda

ALAMEDA, Sept. 3.—Committee from the Richmond Merchants Association were the guests of the Part Street Merchants' Association last evening and told of the plans in connection with the proposed organization to boost home trade. The use of a local coupon effected publicity, courtesy, proper goods and factors which had materially boosted home trade. President L. L. Garfinkel, Secretary R. E. Coffey, Harry Marcus and Louis Schroeder were among the guests from Richmond.

REALTY MAN BETTER
SAN JOSE, Sept. 3.—Roy Emerson, member of the San Jose Elks Lodge ball team and a representative of the Macague real estate firm of this city, recovering at a San Mateo hospital following an operation.

Use Resinol
at the first sign
of skin eruption

You don't know how far that itching
spot of eczema, or bit of rash, might
develop, and it's best to check it at once
by using RESINOL OINTMENT. Its
cooling, healing qualities usually stop
itching and burning after the first
application.

Resinol is also an ex-
cellent healing dressing
for burns, cuts, stubborn
little sores, etc. At all
druggists.

"California Syrup of Figs"
Child's Best Laxative

Accept "California" Syrup of Figs
only—look for the name California
on the package, then you are sure
your child is having the best and
most natural physic for the little
aches, liver and bowel. Children
love its fruity taste. Full directions
on each bottle. You must say "Califor-
nia"—Advertisement.

**You Can't Brush Or
Wash Out Dandruff**

The only sure way to get rid of
dandruff is to dissolve it, then you
destroy it entirely. To do this, get
about four ounces of ordinary liquid
arvon, apply it at night when
retiring, use enough to moisten the scalp
and rub it in gently with the finger
tips.

Do this tonight, and by morning,
most if not all, of your dandruff will
be gone, and three or four more ap-
plications will completely disolve
and entirely destroy every single sign
and trace of it, no matter how much
dandruff you may have.

You will find, too, that all itching
and digging of the scalp will stop at
once, and your hair will be fluffy,
lustrous, glossy, silky and soft, and
look and feel a hundred times better.

You can get liquid arvon at any
drug store. It is inexpensive and
never fails to do the work.—Adver-
tisement.

**'STATE'
NEWS?**

FRESNO, Sept. 3.—Mildred Black,
field representative here for a photo-
graphic firm, is under arrest on a
complaint sworn to by Fred Hart-
spok, charging her with the embe-
zzlement of more than \$2000. The
complaint was based on the alleged
pocketing by the defendant of \$68,
taken in an order from E. Y. Foley,
the "Rafish King," of Fresno. Audi-
tors who are engaged in checking
the young woman's books last night
declared a shortage of more than
\$2000 had been found during opera-
tions covering about nine months' time.
She has been employed by
the studios more than five years.
Confessed yesterday in the district
attorney's office that she had stolen
Mrs. Black is said to have broken
down and confessed that her love of
diamonds and fine clothes impelled
her theft. She also admitted she
had been secretly married a month
ago, although she was still going
under her maiden name of Flan-
ningham.

NUGGETS' THEFT FAKE
WEAVERVILLE, Sept. 3.—The
report from Sacramento that a \$50,-
000 box of gold nuggets from Trinity
county had been stolen at the
state fair grounds is erroneous. Trinity
county has a \$2000 box of nug-
gets that will be shipped to Sacra-
mento in a day or so. They will go to
a Sacramento bank and will be
smelted before they can be re-
melted to place on exhibition. A
box of gold nugget specimens was
shipped to the fair a few days ago.
The quartz may have been stolen, if
so the thieves got but little value.
They were simply specimens of ore
and were not considered valuable
enough to insure.

DEATH RIDES GULL
EUREKA, Sept. 3.—When Mayor
George W. Cousins made an inspection
of the city from an airplane he
and Aviator M. L. Wallace were
closer to death than either realized,
owing to a most unusual incident
that happened about 1000 feet above
the city. A seagull flew against the
plane, inflicting the propeller but
but a few inches and jamming itself in
a propeller. The iron wire of the propeller
wires between the planes. Had the
propeller struck the heavy bird the
wooden blade would have been splin-
tered and in all probability the plane
with its passengers would have been
dashed upon the rooftops of the city.

KILLS BIG LION
AUBURN, Sept. 3.—C. Bruce,
official lion hunter for the California
Fish and Game Commission, passed
through Auburn today with a Califor-
nia lion weighing 150 pounds,
and measuring over nine feet long
from tip to tip. He also carried with
him three lion pets. All of the animals
were killed the past week in
Lodi, Cal., in the Klamath county line in
El Dorado county.

Glenwood Tract Sewer Probe Asked of City

Investigation of alleged lack of investigation of the Glenwood tract opened by a development company on the eastern drainage system of the health department today on the strength of a report from Superintendent of Streets George Mattis, demanding that no provision had been made in the tract improvements for storage and street paving. Mattis was asked by the council to be held September 15.

to pass on the company's request for the filing as records of the tract map, the city accepting the streets laid out. Mattis reported that the alignment and grades of streets are satisfactory and the property suitable for residential purposes, and the map was accepted and the streets named.

The council this morning granted permission to the Ladies' Relief society to use the streets to walk adjacent to the city hall plaza for the society's benefit market day to be held September 15.

American Teachers Get Philippine Jobs

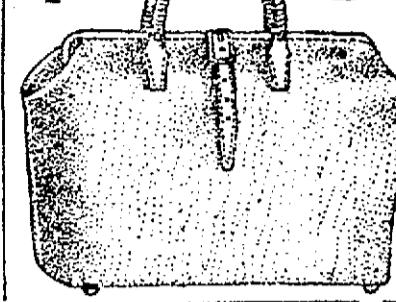

MANILA, P. I., Sept. 3.—Thirty-three American teachers, thirty-one women and two men, arrived late in July and will within a short time take up their work as instructors in the public schools of the Philippines Islands. A Japanese teacher has been assigned to posts in the schools, where they will remain for two years. Their salaries range from \$1300 to \$1500 each a year.

downstairs again?" Mrs. Durkee demanded, after she had fluttered her way to my side and had kissed me warmly. Her greeting and her pleasure were so evidently sincere that they dwarfed in my mind for the moment the resentment I felt against the little woman for the absurd attitude she had taken towards Major Grantland's elaborate courtesy during my convalescence, an interest born of his remorseful fancy that he had been the cause of the accident which had befallen me.

"You minded," the officer said, conventionally, and the words were relieved of banality only by the tense emphasis with which they were uttered. I involuntarily contrasted his palpable awkwardness with the easy grace with which Dicky or Alfred Durkee, Alie Drane or even Harry Underwood would have handled a similar situation, and then inevitably the question followed:

Her fluffiness preened her plumage and smiled prettily up at him. "The major thought you ought not to be very angry with me, because I would not try to see him," she chirped. "But I told him it could do you a lot more good to see him than to know he was staying away because of that when he's been so anxious about you. So I just brought him along with me, and I know you're just plumb tickled to death, aren't you, dear?"

MADGE IS PERVERSE

There is a perversity in me which I have long and futilely tried to conquer a perversity that makes it almost impossible for me to follow certain rules of procedure when some officious friend or relative points it out to me as the only one to take. If Mai Grantland had come by himself to make his "appointment call," as I began whimsically to term this painful visit, I should no doubt have been moved by his evident distress, awkwardness, as well as by his sincerity to make him feel welcome. But with my little neighbor absurdly pulling me up to a line in the floor, setting my toes upon it, and outlining a lesson for me to recite, I balked.

"The ATONEMENT."

I looked furtively around at Mrs. Durkee, who fortunately had forgotten us for the moment in an animated questioning of Lillian concerning a mutual acquaintance. Relieved of her ridiculous espionage, I allowed my natural sense of fair play and decent treatment to have the upper hand again.

"Forgive me," I murmured quickly, for I had seen by the look in his eyes that this was not the first time I had been caught. "I'm not that bad, I mean, I don't mean that as I must have. I don't mean that as I must have. Won't you believe that I am indeed very glad to see you and that I cannot find words to thank you for all the beautiful things you have done for me since my illness?"

(Continued Tomorrow)

Country Club Scene of Formal Debut

Myriad of soft lights peeping through a maze of greenery, graceful fern balls suspended from the ceilings and baskets of white bloom hung from every corner of the drawing room, festooned with flowers, were only a part of the simple but elegant decorative plan carried out at the Claremont Country Club last evening for the formal coming-out party of Miss Laura Lindsay Miller, daughter of Mr. and Mrs. Harry East Miller. Seven hundred guests were assembled in the dining room, the entire lower floor of the clubhouse, for the affair.

The claim of the unusual about of Miss Miller was the informality of the affair. Mrs. Miller and her daughter dressed in a gown in the rose room surrounded by a background of green and white, where a great long spray of peacock feathers, white and yellow, was mounted on a pedestal of ice, illuminated from within with red, white and yellow lights.

Miss Miller and her daughter together with their friends, the debutantes and their families, received the guests in the rose room. The debutante, a dark-eyed beauty, was gowned in a ruffled family over a four-pointed satin. The frock was embroidered in pearls. With it she carried a jade orchid fan and shower of lavender orchids.

Mrs. Miller was gowned in white and gold brocade.

Among the younger girls who assisted Mrs. Miller were Elizabeth Birge, Miss Elsie, Miss Helen St. Gaud, Miss Virginia Macmillan, Miss Elizabeth Magee, Miss Margaret Robbie, Miss Gertrude King, Miss Dorothy Gossom, Miss Juanita Ghirardelli, Dorothy Grossman, Florence Williams, Elizabeth Moore, and many other hostess.

Guests of Mrs. John Bell Miller who were guests of Mrs. John Bell Miller at the dinner given in compliment to the debutantes and their escorts.

With Mrs. Miller were Madeline Weston, J. Harrison Clay, Harry Heasley, Robert M. Fitzgerald, George W. McNear, Frederick Earl Knight, George J. Mendell Jr., C. O. G. Miller, Robert Moffett, Henry B. Nichols, E. C. Stevens, William H. and White, Mrs. Fitzalan Long, Alice Hough, Cheekering, W. C. E. Remfry, Bert Ford, Charles Keeney, Francis Lang, Philip McLean, William A. Macleod, John Bell Miller, H. B. Miller, Augustus S. Macdonald, Frank Hunt, Proctor, Thomas Olney, Joseph Frank D. Stringham and Miss Anne Miller.

Mr. Bertram Adams entertained at home in Franklin Avenue this afternoon for Miss Gladys Robinson, the affair to be a tea. Miss E. F. Robinson will assist in receiving the guests.

September 11, Mrs. Robinson will preside as hostess at a luncheon for the girls in her bridal party. She will entertain at her home.

BIRTHDAY PARTY FOR DAUGHTER.

A birthday party of the month past was given little Miss Helen Garst, the baby daughter of Rev. and Mrs. N. G. Garst, the city celebrant of his fourth anniversary. A score of her little friends were guests. Recitations were given by the Misses Ruth and Helen Garst. The dinner and refreshments were served was decorated in blue and white. The table decorations were effective with dainty blue and white striped and blue birds, mimosa, blue and white carnations and dainty favor baskets with streamers of blue. A large birthday candle was burning, set in white rosebud holders.

Mister Ralph Eugene Garst, the baby brother of the little hostess, was the guest of honor.

The guests were Dorothy Stont, Louise Wolfe, Mary Ann Rae, Dorothy Bryant, Elizabeth Carter, Carol Wren, Elizabeth McGehee, Dorothy Mathews, Mary Ellen Bowes, Helen Bowes, Mildred Bowes, Betty Turner, Martha Dahlgren, Anna Dahlgren, Ruth Reese, Mary Conine, Olivia Gonzales, Ruth Garst, Helen and Ralph Garst.

PURCHASE HOME IN OAKLAND.

Mr. and Mrs. Henry East has returned to the bay section to make her home after an absence of three years. The Easts have purchased a home in Encino Avenue.

Mr. and Mrs. Henry H. Palmer announce the marriage of their daughter, Eileen Mae, to John Clayton Abernathy, son of Dr. Abernathy of Oklahoma City, which took place August 28 in San Jose.

The Girls' Club Council is in session at Asilomar, the last of the four conferences to be held there this summer. Miss Anna Gandy, international secretary of the Pacific coast field, is in charge with Miss Louisiana Foster of San Rafael the hostess. Miss Mary L. Hentz, executive secretary of the Pacific coast field committee, left yesterday to participate in the discussions. Features of the conference are an evening of verse given by James Foley and a lecture on the "Mating Period" by Miss Eloise Sterling.

Fund to Advertise
Oakland Is Urged

Pointing out that Seattle is spending \$80,000 in the coming year to advertise its resources and natural advantages, a committee from the Oakland Chamber of Commerce consisting of Manning, Tamm, Joseph E. Conine, John Kohl and A. S. Loverson, appeared before the Alameda County Board of Supervisors yesterday and asked that 1 cent of the tax rate be given over to raise a \$25,000 advertising fund.

Cains said that the money would be used in advertising in such periodicals as would reach the great number of tourists during vacation in the east.

The supervisors, sitting as a committee of the whole, took the matter under advisement.

The Chamber of Commerce committee cited the example of Los Angeles and Seattle as cities which have built up largely by advertising and publicity.

THE OWL DRUG CO.

A Reminder for Kodakers

Be sure you have plenty of films for the double holiday Sunday and Monday

Bring Back Your Unused Kodak Films

Owl Drug Store customers have the privilege of returning unused rolls of films within a reasonable time after purchase.

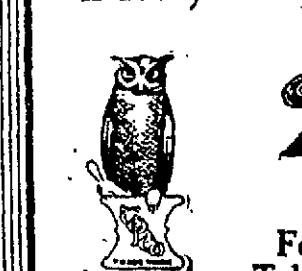

They are always urged to take plenty of films along on every outing trip to avoid running short. Money is cheerfully and promptly refunded on unused rolls returned in good condition.

This is one of the many appreciated features of Owl Drug Store Kodak Departments.

Film Developing and Printing

Owl Service is based upon two essential elements: Trained experts to look after every detail of the work and the very latest mechanical devices.

Quality is not sacrificed for speed but all work is always ready when promised.

S.F. POLICE WILL KEEP CITY DARK

SAN FRANCISCO, Sept. 3.—He who persists in lighting San Francisco by means of electric signs that his brand of cornplasters are the best, may run afoul of the police. The police announced today that they had been selected to enforce the order of Power Administrator Butler forbidding the use of electric advertising signs and show window lighting as a power conservation measure. The order was issued several days ago as a result of an electric shortage in Northern California which resulted from a lack of water for hydro-electric plants.

It Can't Be Done?
Concrete streets 4-in. and 5-in. cast iron water mains, sidewalks, sewers etc., all included in cost of lots from \$250 to \$645, and on terms of \$1 down and \$10 monthly.

KILL THEM ALL, GENERAL SAYS OF MUTINEERS

PEKING, Aug. 31.—"Kill them all!" is the recommendation of General Chang Tso-ling for the troops who took part in the recent mutiny at Tingchow. He told the Associated Press correspondent that he was only restricted in doing this by a disagreement with the president over the proper course of action. The president, Chang said, was in favor of shooting only the 20 ringleaders, while Chang favored the execution of the entire 15,000 mutineers.

The general asserted that he was opposed to a popular convention as suggested by the Wi-pu-fus that it was likely to create trouble. He approved the plan for distinguishing between the mutineers, saying it depended on the size of the province. He urged increased protection for the mines and industries of Manchuria, although expressing no fears for Japanese or Russian aggression. The aggressive tendency of Japan was never noticed. Chang said, during his three years' government of Mukden, military expenses of the three northern provinces of China were put by Chang at \$23,000,000 annually, of which the central government provides \$19,000,000. He denied any ambition to the presidency or vice-presidency, contrary reports of which had been circulated.

FAKE SOLICITOR WARNING SENT

Police of the State are being circumspect in an effort to bring about the arrest of a man giving the name of Charles Earl Williams, who for two weeks past has been soliciting in Piedmont and Oakland for a Los Angeles company which offers "clubmen's rates" subscriptions for well-known magazines.

According to E. M. Matthiesen of the Piedmont police department, Williams will be charged with obtaining money under false pretenses. According to Matthiesen, the man, who is 23 years of age, did not turn in the subscription money that he obtained, so that his victims never received the magazine for which they subscribed.

Both police say that Williams had a story of working for a scholarship in some college which played strongly on the sympathies of the persons to whom he talked. Report of his operations was first made by Mrs. Lois Evans, 154 Dracena avenue, Piedmont, who paid him \$5.75. Further investigation disclosed that he once attended a meeting of the Barac Club of the First Baptist church, where members were goaded to make a scholarship appeal to which he collected \$100 in subscriptions, police say.

The search for Williams is now centering in San Jose, where he has been reported at work on the same proposition since he left this county.

ROCKLAND HOTEL BURNS
COLORADO SPRINGS, Colo., Sept. 2.—The Rockland hotel, a four-story frame structure at Palmer Lake, was burned to the ground, and Oliver, 13, and Mildred, 16, son and daughter of Mrs. L. E. Hill, proprietor of the hotel, were severely burned as the result of an explosion of the lighting plant in the basement of the hotel last evening.

COTTON GIN BURNS

CALEXICO, Sept. 3.—Fire destroyed the gin of the Independent Cotton Company here, at a loss of \$20,000, which represented the building, machinery and a quantity of cotton.

**Baldness
Unnecessary
says Specialist**

Average Man Pays Too Little Attention to the Care of the Hair and Scalp

Prof. John H. Austin, over 40 years a bacteriologist, hair and scalp specialist, who now has offices at The Owl Drug Co., points out some of the reasons for an increase in baldness among men.

Prof. Austin is probably right in saying that about one man in every hundred ever thinks about his hair at all, except to comb it two or three times a day. If it falls out, he looks around and probably loses his teeth if he doesn't go to a dentist promptly. But his hair doesn't ache. It just gradually dies, and when it is nearly bald, he tries a dozen different remedies at once and then resigns himself to baldness.

Prof. Austin says the use of dandruff cures, mange cures, and hair tonics is like taking medicine without knowing what you are taking. The particular trouble with which your scalp is afflicted must be known before it can be intelligently treated.

FREE MICROSCOPIC EXAMINATION of the hair and scalp—both men and women invited—Price 50¢. Offices at The Owl Drug Co., 14th and Washington, Oakland. 728 Market St., San Francisco. Hours 10 to 12 and 2 to 4.—Advertisement.

WIFE ATTACKS ACTOR'S DECREE

although he testified that they were being cared for by Mrs. May Benson, 1841 Mission street. We can prove that they lived with Mrs. Ganz at 155 Mason street at the time. Because Mr. Lawrence did not go to Phoenix until September, 1919, although the plaintiff in the divorce action told the court that he had established a residence there in November, 1918.

Lawrence is facing the possibility of having the decree of divorce from his fourth wife set aside and a summons to appear before the grand jury in San Francisco to explain the methods by which he obtained the decree.

Mrs. Arameda Ganz did not hear of her husband's marriage to the former Oakland actress until a few weeks ago.

**Asks Court for His
Grandparents' Name**

Stating that before he was born his father disappeared and that he always has lived with his grandfather, whose name he bears, James Glenn Johnson has petitioned the Superior Court to change his name to James Glenn Michell. He is 22 years of age and lives at 423 Sixty-second street. The grandfather is William J. Michell. The name which Johnson seeks to adopt is the maiden name of his mother, Mrs. Annie Lucas. Johnson says he always has been known among his friends by his grandfather's name.

"Pure perjury" is the summary of Lawrence's testimony before the Arizona court by Attorney Roland Bessy, counsel for the fourth wife.

"We can prove by letters that Lawrence knew at all times where the fourth Mrs. Ganz was, although he said on the stand that her whereabouts were unknown," Bessy said.

"Johnson seeks to adopt the name which he has used all his life," the attorney said.

"His children have at all times been with their mother," he said.

Honest Advertising

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Imitations are to be found in some stores and only because of the Castoria that Mr. Fletcher created. But it is not the genuine Castoria that Mr. Fletcher honestly advertised, honestly placed before the public, and from which he honestly expects to receive his reward.

Genuine Castoria always bears the signature of *Fletcher*.

I take
Dodson's
Liver Tone
when headachy,
sick, or bilious

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headache, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start you liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children, too.

HUMOR

O. Henry Story a day

The Octopus Marooned
Copyright, 1920, by Doubleday, Page & Co. Published by special arrangement with the W. H. Heeler Syndicate, Inc.

"A story is its weakest point," said Jeff Peters.

"That," said I, "sounds like one of those unintelligible remarks such as, 'Why is a police officer fat and Jeff? There are no relations between a trust and a policeman.' My remark was an epitaph—an axiomatic epitaph. When it means that, it is not like an egg."

"If you want to break an egg, you have to do it from the outside. You can't break an egg from the inside."

"I'm not the man to break an egg until it hatches. Look at the bottom of some oysters and lobsters."

Andy's chumbers and peeling all over again, I went out to the back room.

"Andy, come out here. I've got something to tell you."

"What is it?" asked Andy.

"I signed a paper to see what the whisky was going to take in him."

"There are two times when you never can tell what is going to happen."

"Andy, when I drink my first drink and the other is when a woman takes her last."

"Less than an hour, Andy's skate turns to an ice rink."

"Andy, my dear friend, I'm sorry to say, I'm not up to my ears in my aquarium, but inside he is impulsive and full of unexpected things."

"Andy, I say, do you know that I'm a crater—a living crater?"

"That's a self-evident hypothesis," says I. "But you're not Irish. Why don't you say something more to the point and syntax of America?"

"I'm in the crater of a volcano," says I. "I'm all astirred and crammed inside with an assortment of weird and singular particles. Characturistics that used to go and disperse themselves along the seashore."

"Some unforeseen opposition came in, I suppose," I said.

"Andy, it was just as I said. We were separated. It was a case of auto-separation. There was a rift within the host, as Albert Tenison says."

"Andy, I told you that me and Andy Tucker were partners for some years. That pair was the most talented couple in our generation. It made Tucker's little business a success, and his Tucker shop was just as successful."

Poles 'Facing Danger Alone' Refuse No Invasion Pledge

BY INTERNATIONAL NEWS SERVICE.

"WASHINGTON, Sept. 3.—Secretary of State Colby and Under Secretary St. G. Davis went to the White House this morning for a conference with the President. It is understood that they discussed the Polish note and possibilities of the United States making a reply to it."

WASHINGTON, Sept. 3.—Poland has declined to jeopardize her military operations against the Bolsheviks by binding herself to regard the "artificial boundaries" laid down at the peace conference.

Replying to Secretary Colby's suggestion that Poland remain within the lines specified by the peace conference, the Polish government states:

"Notwithstanding the sympathetic attitude of our allies, the Polish nation had to face the danger alone, and political events proved that it must in the first place rely on its own military strength. If military operations necessitated measures to prevent a renewed invasion of Poland, it could hardly be considered fair that artificial boundaries that do not bind one opponent should interfere with the military operations of the other."

The text of the correspondence between the American and Polish governments, giving the Polish situation was made public last night at the state department. It consisted of a message addressed to President Wilson by Premier Witos of Poland, one under date of August 28 and the other of August 30.

CALLED SATISFACTORY. The general nature of the correspondence had become known previous to its being made public. State department officials characterized the Polish replies as "entirely satisfactory."

The message of Premier Witos to President Wilson was made public by the Polish government when it was sent Secretary Colby in a letter asking him to call attention to the recent note of the American government to the Italian government expressing the belief

ANNOUNCES

Oakland's biggest bargain sale September 4th and 5th.
Lots in Chabot Park, Seminary Avenue and Trancor street, \$250 to \$645. Terms \$1 down \$1 each week, which includes cost of all street work now complete.—Advertisement.

SUMMER RAINS DO MUCH GOOD, LITTLE DAMAGE

Termination of the summer drought in rains which fell over large portions of the state last week. August did much good and very little harm, the weekly summary of crop conditions by the Weather Bureau discloses. Copious rainfall in the mountain areas was most welcome, and stock men from the manner in which ranges were freshened.

In the citrus belt, however, there was in regarding rice heading and fruit drying. Stacking and resharpening were items of expense occasioned by the rain. Farmers might have been fortunate had not the return of normal warmth toward the week-end restored favorable conditions.

Beans and beets promised markedly better nights on the coast.

In the citrus belt, the orchard condition continues good, the summary says, while grape gathering is progressing in moderate quantities. Thompson picking for raisins in the San Joaquin valley is well advanced.

The temperature for the week in the Bay region averaged 70 degrees. At San Fran it was 70 degrees. There was no precipitation in either of these regions recorded.

Of the Sacramento region, he re-

ports:

SACRAMENTO, Sacramento county—

Rains in the foothill sections on the 24th did little or no damage to crops in the immediate vicinity.

The market price of grapes has begun and the crop soon will be moving in earload lots; horn picking in full swing; especially fruit now in process of drying.

PEACHES AND PEARS—Peaches con-

tinue excellent, although recent cool nights have tended to retard growth.

Heading now general and heavy crop seems assured. Late vegetables con-

tinue plentiful.

SLOGAN CONTEST FAILS TO HELP SAN JOSE CHANGE

SAN JOSE, Sept. 3.—No better slogan than the old one used by this county for years—"The Valley of Heart's Delight"—has yet come to the attention of the chamber of commerce slogan judges, they stated today after several hours spent in examination of thousands of suggestions received from all parts of the country. The examination of suggestions is still proceeding, however, and it is possible that something better may be found before the task is completed. Many of the writers it was pointed out, favored the retention of the old slogan, which has been offered \$50 for the best slogan offered \$18 for the second choice. The slogan judges are M. H. Peck of the Standard Oil company, Robert Bentley of the Mercury Club, Harry and Avian Long, advertising men.

Girl on Speeder's Lap, He Goes to Jail

SPOKANE, Wash., Sept. 3.—For driving his girl while according to the testimony of a traffic officer who appeared against him, 45 miles an hour with a girl on his lap, W. M. Madal was sentenced to serve 24 hours in jail when he pleaded guilty to a charge of speeding before Justice of the Peace S. C. Hyde here today.

FUGITIVE ARRESTED

SYRNEY, N. S., Sept. 3.—American law has reached its depths again and captured the man sought in the killing of a police officer.

Two days ago, October 14 are

Sam Wilson, the leader of a blackhand gang which in other cases

murders: Ned Miami Thomas Er-

nest, Frank Campione, Sam Lopez,

for Castano, Sam Ferraro and Henry Reese, the latter a negro.

The October 15 list includes Arthur

Hansen, Richard Wilson, Harry Au-

drey and Frank Zager. Hansen, who

killed his wife, was to have been ex-

ecuted last spring but was granted

reprieve. Hansen, before he was

arrested, turned to the gallows

and confessed to killing a watchman while robbing a factory

safe. Wilson was found guilty in the

same case, although he was on an

other floor of the building when Andre

his partner, killed the man. The jury

decided that as an accomplice he was

equally guilty.

12 MEN DUE TO HANG IN CHICAGO ON OCT. 14-15

CHICAGO, Sept. 3.—All records for legal executions in Cook county and possibly in the state of Illinois, will be broken here October 14 and 15, county officials believe, when 12 men are sentenced to be hanged for murder.

Eight of the men are under sentence to die October 14 and four on the following day. In addition, two other players who have been convicted are awaiting sentence and it is possible that they may hang on one of the dates of the two days.

Chicago has had several wholesale executions in the past—the most notable on November 11, 1887, when four of the Haymarket anarchists were hanged—but nothing in the memory of jail officials approaches a death list of so many men.

Hanging in the Cook county jail will take place in the corridor of one of the main cell blocks. There is just room for a double gallows, so it is probable, according to George F. Lee, the warden, that the men will be executed in pairs. The hangings will cost the state approximately \$2,000, including a \$100 fee for the sheriff for each man hanged.

Those to be hanged October 14 are

Sam Carlson, the leader of a blackhand

gang which in other cases

murders: Ned Miami Thomas Er-

nest, Frank Campione, Sam Lopez,

for Castano, Sam Ferraro and Henry

Reese, the latter a negro.

The October 15 list includes Arthur

Hansen, Richard Wilson, Harry Au-

drey and Frank Zager.

They urge that the public begin

now its demand for an employer conference and industrial

agreement to avert the strike.

That strike, will be "a confession of

the nation's helplessness in the face

of the contending forces of capital

and labor."

CAMPANILE IS INCREASING AS MONEY-EARNER

BERKELEY, Sept. 3.—The Sather Campanile on the University of California campus is increasing in importance as a source of revenue to the college. During the summer months \$523 was collected in fares for taking sightseers to the top of the tower. The month of July shows the greatest return.

Appeal to Public to Halt Rainous Strikes

NEW YORK, Sept. 3.—An appeal that the public take whatever steps

are possible, through organizations

or otherwise, to avert another strike

and consequent strike nationwide.

Such a statement is made in a

statement given out last night by Bishop Francis J. McConnell, chairman, and James A. Loring, chairman, of the Interchurch World Movement's

commission of inquiry into last year's

steel strike, the report of which was

recently made public.

They urge that the public begin

now its demand for an employer conference and industrial

agreement to avert the strike.

That strike, will be "a confession of

the nation's helplessness in the face

of the contending forces of capital

and labor."

JURY'S NAME TO GO ON BALLOT

SAN JOSE, Sept. 3.—John R. Syer

and Thomas R. Dougherty, instead of

John G. Jury and Dougherty, have

been eliminated in the contest for two

places on the superior bench, accord-

ing to incomplete returns from 192

precincts in this city today. Jury's

name, apparently, will go on the

ballot at the general election with

those of Judge P. F. Gosbey, incum-

bent, and Justice of the Peace F. B.

Brown, the other two candidates for

the same two offices.

With four precincts missing yester-

day Syer had a lead of 21 votes over

Jury, and it was believed that the

complete returns would not change

the result. Jury had 1,186 votes, Syer 1,162, Dougherty 1,091.

Quality Is Good in Paradise Apples

While the crop in quantity amounts

to 100,000 bushels, the quality is

not up to the standard.

Paradise apples are unusually

large and round, and are said to be

of unusually high quality.

They are marketed in boxes of

100 pounds each.

They are sold at 15 cents per

box, and are considered to be

of excellent quality.

They are shipped to San Fran-

cisco, Los Angeles and San Jose.

They are also shipped to New York

and Boston.

They are also shipped to Canada.

They are also shipped to Mexico.

They are also shipped to Australia.

They are also shipped to South Africa.

They are also shipped to India.

They are also shipped to Japan.

They are also shipped to China.

They are also shipped to Korea.

Bookkeeping

We consider our Burroughs Bookkeeping Machine a very good investment.

What we value most is the fact that postings are kept up-to-date and daily proven balances obtained on all ledgers. The work is neat and legible and always uniform. We can tell in a moment what any customer's balance is. This is a big asset to us. We keep our purchase ledger and accounts receivable ledger on it. Getting a trial balance has become a mere formality with the machine.

S. M. FRIEDMAN CO.
R. A. White, Secretary

The simplicity of the Burroughs Ledger Posting Machine is the reason it has proved such a marked success in our business.

During the influenza epidemic a clerk, who had no knowledge of bookkeeping or had ever operated an adding machine before, was able to keep our work up-to-date until the regular posting clerk returned.

On account of its labor saving our machine has returned its original cost to us each year since 1914, and is still giving the utmost satisfaction.

Yours very truly,
JOHN BREUNER COMPANY
O. F. Brown, Office Manager

"Tomorrow" May be Too Late

"What's Jones' balance?" means "what is it now, today, right away"—while the credit man holds the phone.

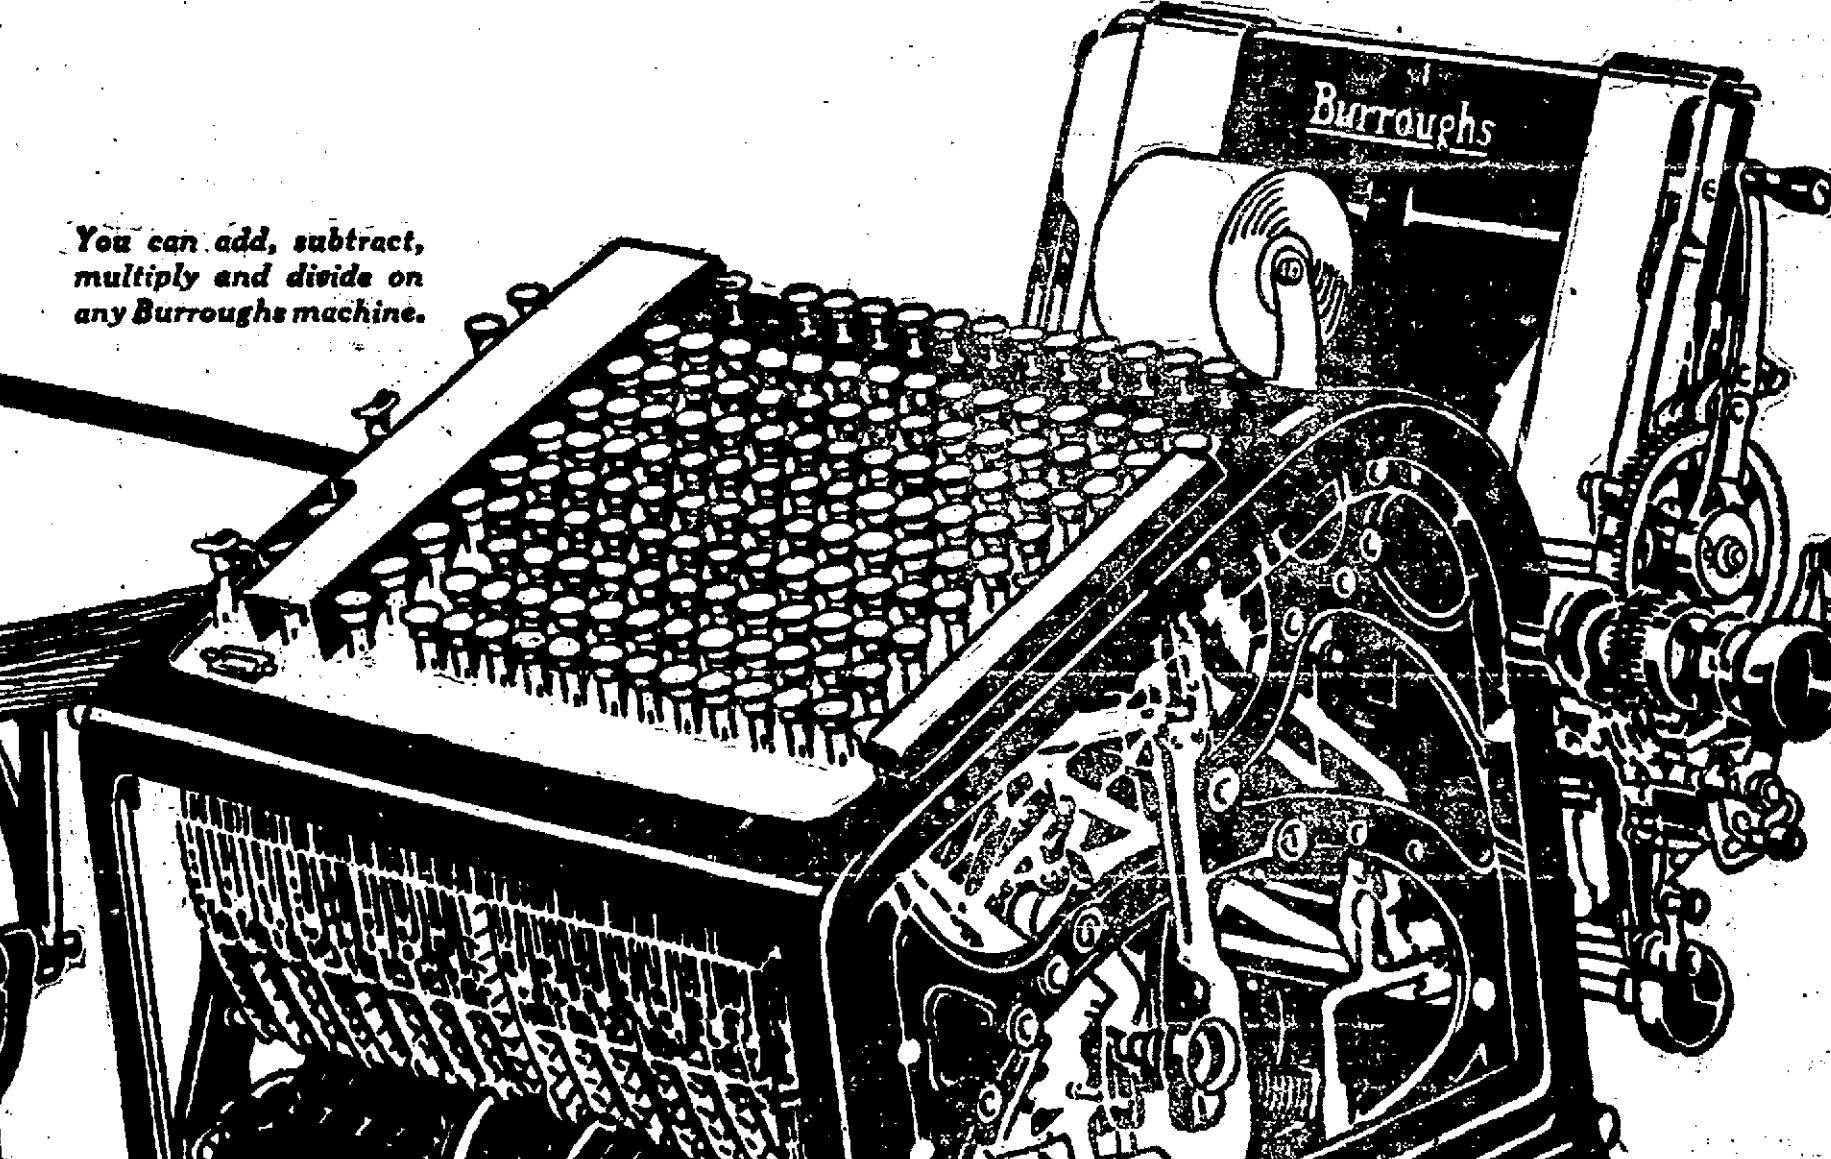

"How do our books stand?" means a trial balance in a hurry—not ten days late.

"Controlling reports" should mean reports that come to the manager's desk as regularly as the sun rises—it's a poor sort of control that delays action weeks or months for lack of figures.

Business today demands "Johnny-on-the-spot" bookkeeping, and the quickest, most accurate and economical way to get it is the Burroughs way.

Cost more? No—it costs less; but if it cost twice as much it would still save you time and money according to Burroughs users everywhere.

FRIDAY, SEPTEMBER 3, 1920

UNWISE PROCEDURE.

On the plea that the petitions for a freeholders' election were in private hands and would be filed regardless of what action might be taken by a citizens' committee, it was decided at last night's meeting at the city hall of citizens interested in the question of city and county consolidation to burden the taxpayers with elections that will cost over \$100,000.

No facts were presented. The committee appointed to enlighten the public upon the legal phases of consolidation failed to render a report. No attempt was made to ascertain the sentiment of outside districts. A cut and dried program was rushed through. Failure to respond to a demand for information is likely to cause the public to grow suspicious even of a movement apparently possessing merit.

While private interests have forced, through the circulation of petitions by paid solicitors, three expensive elections upon the people of the entire county, these interests fortunately cannot prevent the full facts from reaching the public before the final adoption of any charter. Our Town will furnish a comprehensive legal survey of the various acts governing consolidation and give a careful analysis of figures that may be furnished purporting to show the amount of saving to be brought about by a consolidated government.

Unless all the communities in the proposed consolidation scheme vote in favor of the charter to be submitted the movement fails. Then additional elections may be called to form city and county governments by combining certain other territory within the proposed county. As the most enthusiastic advocates of consolidation frankly admit that there is little likelihood of all communities voting in favor of any proposed federation, it is plain that in the movement lurks the danger of county division.

Through the amendment inserted by a committee of Berkeley citizens when the act was pending that city may form under certain procedure, a city and county government of its own if it fails to vote for the proposed county charter. This may explain why certain Berkeley politicians have acquiesced in the calling of a freeholders' election, which is the first step in formation of a city and county of Berkeley. It leaves the voters in every section of the county to be alert.

The principal powers in Europe are reported to fear a new conflict in the Balkans. Serbian and Albanian troops are being massed at the frontier of these two countries. Bad feeling exists between the Yugoslavs and the Hungarians and between the Yugoslavs and the Italians in the Fiume as well as the Albanian region. There can be no doubt that a new war in the Balkans is threatened. But why should not the Allied powers be prepared for it as well as certain the fear of it. For nearly two years they have permitted the conditions propitious of war to exist when they possess the power to create new conditions to insure the peace. The first mistake was in not intervening to curb the D'Anzio filibusters in Fiume, from which other mistakes have followed naturally. They have failed to enforce the peace agreements between Austria and Hungary and the Allied powers. Now they fear war.

Eccentric Dame Upton has issued a decree restoring the ostrich plume to a portion of the favor it once enjoyed. Imports of ostrich feathers for the fiscal year ended June 30th last were valued at \$2,600,000, as compared to a value of \$500,000 for the fiscal year ended June 30, 1917. Will this mean a revival of interest in the ostrich breeding industry of California, which at one time was quite extensive?

An abstract proposition, the move of the alderman of Guatemala to convoke a conference

of representatives of San Jose, Costa Rica, Tegucigalpa, Honduras, Managua, Nicaragua and San Salvador on October 12 to discuss a project for a Central American union is to be commended. If there is to be complete understanding among all the nations of the Western Hemisphere there must first be understanding between neighbors. The small Central American states, with their definite community of interest, have exhibited altogether too much animosity toward each other.

THERE'S A DIFFERENCE.

Two stories concerning the postal service were printed in yesterday's newspapers, in becoming juxtaposition. They emanated from entirely different sources, but nevertheless have a positive relationship which THE TRIBUNE believes should be emphasized.

The first story came from Washington and told of the dismissal by Postmaster General Burleson of eleven clerks in the Chicago postoffice for "soheiing or causing to be solicited sums of money from the public and causing to be published false and slanderous statements relative to the postal service." Evidence submitted to Mr. Burleson by postoffice inspectors showed that the postoffice clerks attempted to solicit contributions of \$100 each from business men, who were of necessity patrons of the postoffice to be used in connection with a publicity campaign for higher salaries for the postal employees.

As to the "false and slanderous statements," it is not divulged wherein the offense was committed, nor what section of the federal statutes was violated, but it is not generally believed that a very serious untruth could have been uttered about the postoffice department.

As to soliciting contributions, however, that was a plain violation of section 171 of the postal laws and regulations, and should not be condoned.

The eleven postoffice clerks in Chicago gave serious offense when they went among patrons of the postoffice begging for money to present favorably to the public their pleas for a wage increase.

For the good of the public service such practice should not be tolerated. The employees who solicited contributions without the consent of their superiors have no well-grounded complaint against their removal from the public service. They doubtless expected the punishment decreed, assuming that they were not so ignorant as to be unaware of the reprehensibility of their act and the penalty prescribed. Being individuals, in small circumstances and unimportantly placed, they naturally have been treated to a drastic interpretation of the laws and regulations. They have offended and may take legal measures.

The other news story carried the testimony of before the Senate committee in Chicago investigating the charges of excessive expenditures in the presidential campaign. Mr. Wilbur W. Marsh of Iowa, secretary of the Democratic National Committee, was on the stand. He testified that some 300,000 letters were sent out from his office to federal employees soliciting contributions to the campaign being waged in behalf of the Democratic nominee for the presidency, Governor Cox of Ohio.

There is a federal statute prohibiting and penalizing the solicitation of campaign funds in federal buildings. So the Democratic treasurer placed special delivery stamps on the letters of extortion and addressed them to the homes of the federal employees, including all the postoffice help in the country. We use "extortion" advisedly, because when the administration in control asks government employees to give for the support of a campaign to continue control, all the elements of extortion are in evidence. The employees read and comprehend the "request" for contributions with a sense of fear. They know it is an order to "come across." They must obey or refuse at the imminent danger of losing their jobs.

Yet the great and powerful Democratic National Committee, partly and in an important decree the creation of Postmaster General Burleson of President Wilson, Governor Cox and other public officials and leaders in the Democratic party, wrote 300,000 federal employees, including those at the Chicago postoffice, soliciting campaign contributions. Not only is this a grave moral offense, but a plain violation of the spirit of the federal statutes.

National Campaign Treasurer Marsh wrote that the law was "old fashioned." That was a plain falsehood for the easement of the poor remains of his conscience: the law is a modern act of Congress designed to prevent corruption in office and the placing of underpaid federal employees under tribute to political bosses. The law was violated. Not merely by eleven postoffice clerks; not by the solicitation of a few hundred dollars. But by the national administration of the federal government, by the managers of the campaign for the Democratic nominee for the Presidency, by the solicitation of millions.

The eleven Chicago postoffice clerks have been removed from office.

The managers of the Democratic campaign, some of them office holders, members of the cabinet who have committed wholesale violation of the federal laws, the same offense they committed in the same manner four years ago, will not be punished in any way.

Mr. Burleson has acted summarily in the case of his small salaried employees at Chicago. He will do nothing with reference to his colleagues in the councils of the Democratic party who have committed a ten-times more scandalous offense.

NOTES and COMMENT

Such humor as pouring acid on lawns, exemplified by freshmen at Berkeley in their rivalry of sophomores, is not likely to be generally appreciated without extended consideration. It has not been appreciated at all by the college authorities, who have ordered the bill for repairs sent to those who are in class leadership.

* * *

If naturalization of the Japanese already here is the best terms that can be secured in the shutting off of immigration, and still keeping on terms with that country, perhaps there is room for rigid criticism, but it should not be lost sight of that the stock already here is capable of producing a considerable strain of Japanese citizenship.

* * *

Newspapers and the unofficial public are immune from punishment and say things about Secretary Burleson's management of the postal department, but postal employees are not thus happily situated. Eleven of them who dared to criticize, no doubt knowing the conditions better than any one else, have been sacked at Chicago.

* * *

Home-made booze is dangerous before as well as after it becomes potable. The explosion of an illicit still in the suburban region of San Francisco proves that there is really no stage of the stuff that is safe to take liberties with.

* * *

An unusual journey of royalty is that of the king and queen of Belgium, who have sailed away to Brazil on a month's visit. There is not that consanguinity between the Brazilians and Belgians that would seem to account for such friendliness. It is explained, however, that it is in return for a visit last year by the president of the South American republic.

* * *

Newspaper consolidations are a looked-for sequence of the increased price of paper and the general advance in the cost of newspaper-making. A recent instance was reported from Red Bluff, and now two of the three Richmond dailies have merged.

* * *

It would seem to be reasonable that at party primaries a declared candidate of one party should not be permitted to also become the candidate of another if an amendment to that effect in the law will be one of the duties of the next legislative session. There have been enough examples of the undignified results of this practice to warrant its discontinuance.

* * *

The Cox contribution to the Cox campaign may not have been humorous but it seems to be undoubtedly and anyhow it does not fortify the position of the candidate who talks facetiously of a Republican slush fund.

* * *

The Swedes' prohibition proposal draws the alcohol line at 28. The prohibition movement is in its first stages in Sweden, however. It has only been recommended by a government committee of thirteen, five of whom dissent. The eight forming the majority refer to "the splendid results of prohibition in America."

SPIRIT OF THE STATE PRESS

Sacramento is some wild little western city, according to this story of a man from New York who engaged a hotel room there, went for a walk, then had to advertise for his room because he couldn't find it. Nobody ever suspected that the Sacramento river water could tangle a New Yorker so that he would have to get his hotel clerk to come out and find him.—Stockton Record

The hop pickers' strike on the Frank Woods ranch at Fulton was settled over the weekend by Sheriff Petrey and Mr. Woods. The pickers returned to work this morning at the old schedule of pay; but the three men who had been agitating the strike had left the country. These men came from Mendocino county last week and began stirring up trouble at once. They are professional agitators and show no inclination to do real work.—Santa Rosa Republican

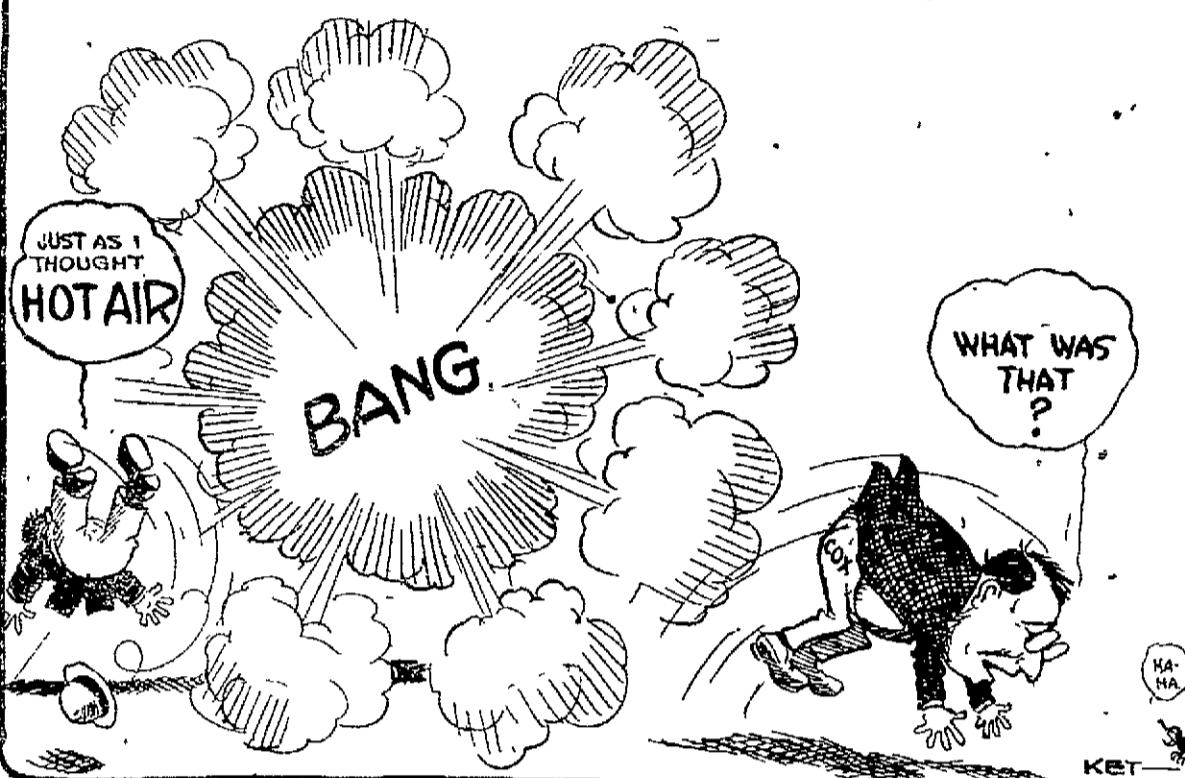

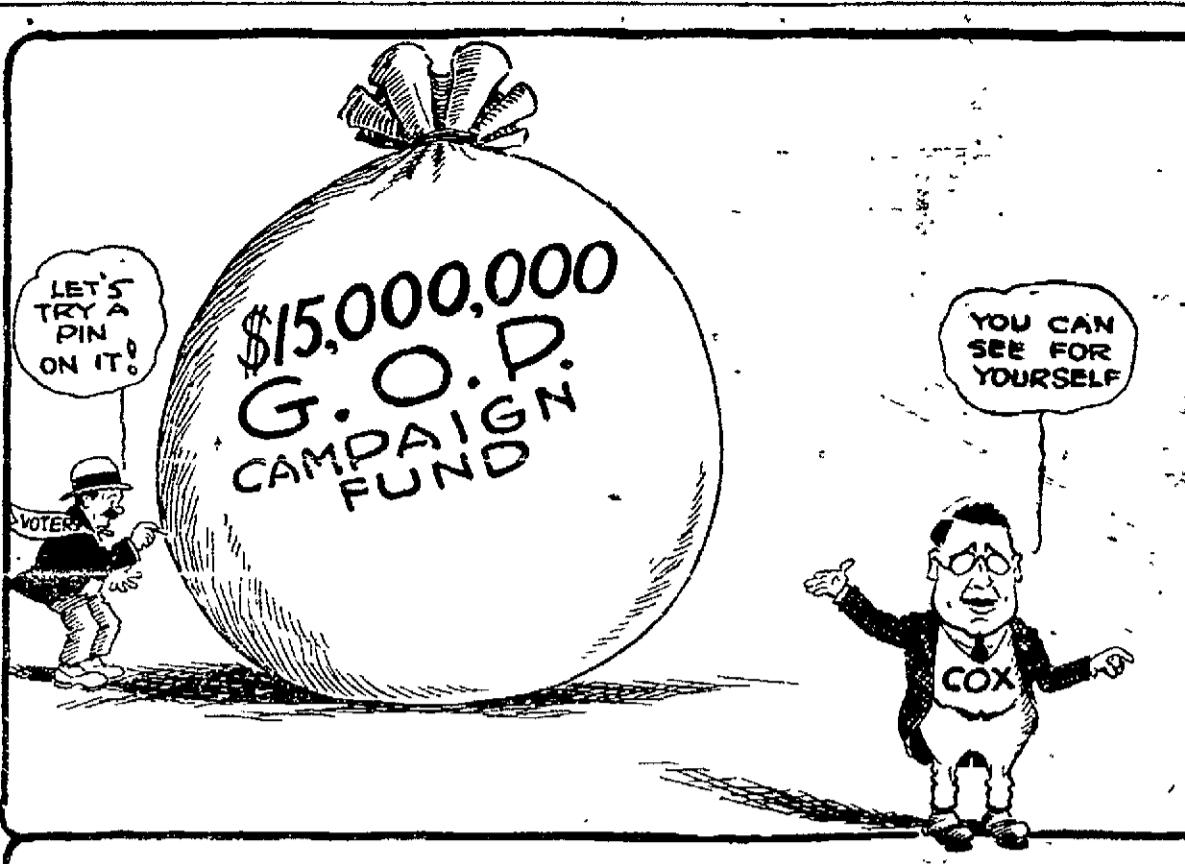

The Washington Star says that shortage of suitable paper for school in no way result in a return to the old fashioned school slate. Removal of the dirty, insanitary slate would bring anguish to all the teachers in the elementary school. As an instrument of torture the hard and scratchy slate-pencil in the hands of a ruthless boy is one of the most mortifying ever invented.—Sacramento Bee.

San Francisco is short 4000 gallons of milk per day due to dairymen going out of business, according to a statement issued by State Market Director Daniels. This is mute testimony of a losing fight to overcome a 100 per cent increase in labor costs and a 500 per cent increase in alfalfa.—Rio Vista News.

Only one-third as many women as men commit suicide, according to a survey of California vital statistics made by L. E. Ross, statistician of the California board of health. The survey was for the period beginning January 1, 1911, and ending December 31, 1919. During that period 7501 person died in California by their own hand. The average age of all persons who died by their own agency was 42 years.—Fresno Republican.

If Washington attempts to influence the vote of California people on the anti-Japanese legislation next November it will be a kick that will be heard snick in the White House. The government may have power to prevent us putting in effect the proposed law, but it has no power to prevent the people expressing their view on that measure. Free speech, liberty of the press and freedom of the ballot must be safeguarded even at the expense of a disgruntled Washington misfit administration.—Hansford Sentinel.

The Girl—"Do you think it is safe to be married in the air?"

The Aviator—"Just as safe as on the ground."—Edinburgh Scotsman

IMPRESSIONS UPON HIS MIND.

A Lancashire magistrate the other day doubted whether a minor could remember details of an accident which happened two years ago. It is said that the minor had vivid recollections of the affair, as it happened to be the day he was at work.—Punch, London.

HEALTH and HAPPINESS

Just What Gout Really Is; Near-Starvation the Remedy

By DR. LEONARD K. HIRSCHBERG, A. B., M. A., M. D., Johns Hopkins University.

Doubts about gout as a real disease are very common among some persons, as there are doubts among others about the reality of smallpox or hydrocephalus. These diseases, however, are real, definite, indisputable maladies, and only an educated person who refuses to admit proved facts will deny it.

Gout is a very rare disease. Dr. C. S. Williamson, professor of medicine in the University College of Medicine, Chicago, says that the proportion of gout to the total hospital admissions is about 4 to 1000.

Professor Fletcher of Johns Hopkins gives the number at Johns Hopkins Hospital as only 3 in the 1000 patients, whereas at St. Bartholemew's, in London, the supposed home of gout, the number is about 4 to 1000, almost the same as in this country.

A popular medical fallacy holds that gout is hereditary. As a matter of fact, only 10 per cent of true gout victims prove to have even the least bit of family history of joint troubles.

Gout is nearly a curiosity in women. Only one in a little less than 200 victims of gout are women.

It seldom occurs under 28 years of age, but appears most often from 40 to 60. It is almost unknown after 55.

April is the worst month for attacks of gout with May and December next.

It is decisively evident that "the big, well-developed, portly individual" is the one who exhibits gout most often.

Nearly all gouty subjects are given to strong drink. Over 80 per cent of gouty men are more than moderate drinkers.

Attacks of gout begin with intense pain in the affected joint, usually the big toe, the ankle or a leg. The pain may cause the victim to roll around in agony. The joints may be a bit swollen, hot or red. A low fever of 100 degrees may be present.

There is often a lapse of some years between attacks of gout. Ten years' intervals are common.

The vast majority of gout patients exhibit their attacks at night and with abruptness. Six or eight joints may be simultaneously attacked. The attacks average four to six weeks.

If X-ray pictures are taken, gouty deposits will be shown in the affected joints. The ear lobes also show "tophi," as the chalky deposits are called.

Obesity and diabetes are supposed to be associated with gout. In several hundred victims no diabetes was present. On the other hand, nearly all diabetics have gout.

The doubts about the existence of gout are banished from the mind of the victim suffering the agony of pain of such an attack.

The treatment nowadays is near-starvation, plenty of distilled water, yeast cakes, whey and the application of ultra-violet rays from a mercury vapor quartz lamp.

For attacks of gout it has been discovered that benzyl benzoate is superior to almost any other known relief.

MORE WHARVES ARE NEEDED, SAY TRAFFIC EXPERTS

Returns on the questionnaires sent out by the joint harbor survey committee of Oakland, Berkeley, Alameda, and Albany began coming in today at the Oakland Chamber of Commerce. The information, which the date are being supplied indicates, committee men say, that active interest is being taken in the move to secure adequate federal aid for the improvement of the harbors on the mainland.

Among the requests was one for the removal of Government Island in Brooklyn Basin. The committee pointed out that this is obviously impossible until the land is now in permanent fill in the possession of the federal government and has upon it a shipbuilding plant costing \$1,000,000. It is further pointed out that vacant land suitable for depositing dredgings is all used up along the estuary and that consequently there would be no dumps for Government Island even if the army engineers should ever consider its removal.

The immediate importance of Estuary harbors facilities is imperative to accommodate ships seeking to berth here was the opinion expressed by the committee following a report on export trade compiled by Bishop & Bahler, traffic managers of the Chamber of Commerce. This report shows that the foreign trade field of Oakland manufacturers is rapidly widening and is extending from the Orient to Europe. The principal exports are:

Agricultural implements, including plows and tractors; iron and steel articles, including tanks, pipes, nails and bar iron; cotton goods, including towels, twine and comforters; roofing, paint and varnish, gas engines, steam packing, rubber and metallic packing, rubber tires, artificial limbs, canned goods, automobiles, auto accessories.

The goods are now exported to all parts of the world, but the greatest bulk moves to points in the Orient, such as Japan, China, French Indo-China, the Dutch East Indies, the Philippines and Australia. Also a great many articles are exported to points in South America, such as Ecuador, Peru, Chile and some to Argentina.

On some special commodities the island of Cuba buys great quantities from Oakland manufacturers.

Woman Charged
With Murder in
Graydon Killing

McCULLOUGH & GRAYDON,
former Oakland and Berkeley
realty operator, who was shot
and killed under mysterious cir-
cumstances in Los Angeles on
Wednesday.

BERKELEY, Sept. 3.—Mrs. Anna McCullough and Miss Louise McCullough, grandmother and aunt respectively of McCullough G. Graydon, real estate operator who was shot and killed in Venice beach near Los Angeles, left here last night for the south. While the funeral plans have not been made, it is thought that burial will be in Los Angeles.

VENICE, Cal., Sept. 3.—Mrs. Mayelle Roe was formally charged with murder today following the finding of the coroner's inquest over the body of McCullough G. Graydon, Los Angeles real estate dealer, who died from gunshot wounds sustained in a free-for-all fight over possession of a summer cottage here. Mrs. Roe shot Graydon with intent to do great bodily harm, the formal verdict said.

Mrs. Julia Marshall, sister of the

BOARD HEARS SCHOOL FARES' RATE REPORT

A recommendation that the campaign for half fares for Oakland school children be carried before the city council was made to the board of education at a meeting last night by the committee appointed at the last meeting of the directors to take up the issue with the Federation of Mothers' Clubs. A report on the progress of the movement was made by the committee consisting of President Floyd Gray, Director Fred A. Campbell and Mrs. Daisy Short.

The directors were informed that the committee has already been in conference on the question with the Federation of Mothers' Clubs and that a preliminary conference has been had with Mayor John L. Davis.

A lengthy discussion of the question was had on the board last night but no action has yet been taken on the recommendation of the committee.

An agreement under which the rule adopted by the local school department last spring excluding outside students from the local institutions will be waived this semester in its application to Piedmont upper grade pupils, was ordered in effect by the directors last night, following the receipt of formal petition on the subject from the Piedmont board of education.

The Piedmont directors asked that the rule be suspended in order to allow pupils of the three upper high school grades enrolled in the local schools last year to continue during the present school year, with the understanding that the same number of Oakland high school pupils will be taken care of next year when the new Piedmont high school is completed.

A recommendation of the building program and bond expenditures committee was adopted by the board, calling for the purchase of property owned by F. D. Parsons in Shafter avenue as an additional school site. The option price on the property is \$6500, while the appraisals received were for \$8000.

dead man, testified to having seen the fatal shot fired by Mrs. Roe. Two men testified to have taken a blackjack and a pair of steel knuckles from Mrs. Roe and Bowens. Graydon had rented a cottage from Mrs. E. F. Doane, who attempted to eject him, according to versions of the fight gathered by the police. Mr. and Mrs. Doane, Mrs. Roe and Bowers were a relative of "Red" Lopez, Mexican bandit.

35 TAKE EXAMINATION.
Thirty-five applicants, including a number of University of California students, took the examination held yesterday by Secretary Frank Colburn of the civil service board, for pay-grade directors of the D class. The examination will result in the establishment of an eligible list and the filling of 25 existing vacancies in the local playgrounds.

Be sure to visit Chevrolet Park during the big three-day sale to be held Sept. 4th, 5th, 6th. Prices have been slaughtered and lots will be sold for \$1 down and \$1 per week. Concrete streets, sidewalks, sewer, water, etc., all installed. Lots \$300 to \$650.

Advertisement.

BACCUS WOULD HOIST PAY OF CITY OFFICIALS

Salaries of the elective officials of the city will be materially increased if a plan submitted to the City Council by the Comptroller of Revenue and Finance William J. Baccus, and referred to the city attorney for a legal opinion, is carried out.

The Baccus resolution, calling attention to the fact that the present salaries of the elective officials are fixed at \$1000 and have not been increased despite an increase since the time of 100 per cent in the cost of living and maintenance, requests the Board of Supervisors to place the issue on the ballot at the general election of November 3 in the form of a charter amendment.

The following are the increases recommended by the resolutions: Mayor, \$1200 to \$1600, an increase of \$1200 a year; City Auditor and Ex-officio Assessor, \$3600 to \$5400, an increase of \$1800 a year. The total amount of increase involved is \$11,100 a year.

Hights' Water Dispute Is Near Settlement

The question of water rights on that portion of "The Hights" occupied by Juanita Miller, daughter of Joaquin Miller, appears to be in a fair way to a satisfactory settlement to all concerned.

A week ago the poet's daughter appeared before the city council complaining that campers and hikers have been borrowing her water. This morning City Attorney Hagan reported that no dispute really exists on the question now in view of the fact that the creek concerned is dry and that no water is now being taken from the springs above the site.

The Park Department will supply Miss Miller with water for domestic use as soon as a new pipe line is installed.

Court Asks Mexican Quartet Be Deported

The police department was today called in by Police Judge George H. Smith to confer with United States immigration officers in an effort to deport four Mexican immigrants to Mexico two weeks ago on suspicion of having committed several burglaries in the East Bay district. When arrested at their room on Franklin street they were found in the act of dividing between them money and jewelry valued at several hundred dollars. Two of them have served prison terms in the United States and it was learned that with four and a third, Rosario Lopez, is said to be a relative of "Red" Lopez, Mexican bandit.

35 TAKE EXAMINATION.
Thirty-five applicants, including a number of University of California students, took the examination held yesterday by Secretary Frank Colburn of the civil service board, for pay-grade directors of the D class. The examination will result in the establishment of an eligible list and the filling of 25 existing vacancies in the local playgrounds.

Be sure to visit Chevrolet Park during the big three-day sale to be held Sept. 4th, 5th, 6th. Prices have been slaughtered and lots will be sold for \$1 down and \$1 per week. Concrete streets, sidewalks, sewer, water, etc., all installed. Lots \$300 to \$650.

Advertisement.

POLICE GUARD SEIZES BOOZE DURING TRANSIT

With more than 20 policemen on duty to prevent any interference, more than 1000 gallons of liquor which was stored in the property rooms at the City Hall were seized last night by the police, who probed the liquor officers and taken to San Francisco, where it will be stored in the government warehouse.

The accumulated liquor was both "bad" and "good," most of it Jackass brandy. There were several barrels of California wine, it had accumulated as the result of recent raids carried out on local soft-drink establishments and saloons.

An effort was made to keep the transfer secret, but when someone asked what was being moved, a saloon, a crowd began to form in the rear of the City Hall. Shouts of "What are you going to do with

Tailored Clothes

a Season Newer

Ready-made clothes are all bought at the same time. The tailor hasn't this handicap. His clothes are always a season newer and have individuality; for the tailor studies his man and makes the suit accordingly.

HURRY ESSAYS ON HOME ELECTRICAL

Hurry up with those essays! The Electrical Editor of the Oakland Tribune will keep open the entrance box until after the first mail is received tomorrow morning. There is still time to win a part of that \$150 which the Tribune is offering to divide among the six high and grammar school students who send in best compositions on the Modern Home Electrical.

Prizes to high school students: First, \$50; second, \$25; third, \$15; to grammar school students: First, \$10; second, \$5; third, \$5. Conditions: Any high and grammar school student may compete. Essays should not exceed 500 words in length, should be submitted on one side of the paper, and accompanied by the name, address, telephone numbers, school and grade.

Prize-winning essays will be published in the Oakland Tribune Sunday morning.

The Electrical Editor wants to know how school children would plan a home to be operated with electrical devices.

Superintendent of Oakland Schools Fred M. Hunter, Walter Leimert and John Gregory, secretary of the East Bay Electrical Trades Council, will be the contest judges.

Hurry up! This is the last chance to win those prizes.

DOCTOR GOES FOR AID 'THO BADLY HURT'

LOS ANGELES, Sept. 3.—Although seriously injured early today in an automobile accident in which the machine he was driving rolled over an embankment on a steep grade, Dr. Emil Ries, a Chicago physician, of 4419 Greenwood Avenue, walked a mile to get aid for himself and wife, Dr. Guy Ries, who is also physician and who also received serious injuries. Both Drs. and Mrs. Ries are 55 years old. They are in a hospital at Santa Ana, to which they were taken in an ambulance from the former country home of Modjeska, the noted actress, near which the accident occurred.

The couple were driving from El Toro to the Modjeska home, now a resort, when on a steep grade about a mile from their destination, Dr. Ries lost control of the machine.

Before the physician could regain control the automobile rolled over an embankment and down a hill.

Deadly Assault Case Dismissed

On motion of Assistant District Attorney John U. Calkins, the charge of an assault with a deadly weapon against Wayne Smith, colored, was dismissed yesterday.

Calkins informed the court that in his judgment there was insufficient evidence to convict.

According to evidence at the preliminary hearing, Smith was running with the work train for Bay Point when Joseph Allman, in a boat behind him, prodded Smith with his foot. Smith arose and hit Allman and then ran to another car where Allman and a crowd of sympathizers followed him. When Smith saw the crowd approaching he pulled out a jackknife to protect himself, but without using it escaped by jumping from the train. Smith was taken to the emergency hospital to be treated for minor injuries received when he jumped. Allman followed and then signed the complaint against him.

Adding Machine Men Hold Convention Here

Over fifty of the Agency Managers and Salesmen of the Burroughs Adding Machine Company are in attendance at a convention at the Hotel Oakland.

Only a few years ago Alameda, Contra Costa and Santa Clara counties were incorporated in one salesmen, while the entire East Bay region Valley was handled by another. The demand has increased 24 fold in less than fifteen years, while for the first six months of 1920 the sales were seventy per cent more than for the same period of 1919.

John Sexton, Oakland Agency Manager, has arranged to give the visitors a view of the city. The convention is presided over by D. W. Saxe, District Manager for the Western States.

Lions Would Boost Building of Homes

BERKELEY, Sept. 3.—Amendments to building laws to encourage the erection of homes were urged yesterday by the state legislature through A. O. Dougherty and Joe Mills, who were appointed delegates to a meeting of civic organizations to discuss proposed charter amendments.

Challenge Issued On Women Property Law

A challenge to debate the merits of the community property law which will come before the voters of the state at the November election was issued today by Garrett McEnery by Mr. Alvin E. Carter, state chairman of the committee of the Women's Legislative Council of California sponsoring the law. McEnery is opposed to the proposed legislation. Mrs. Carter left this morning for Sacramento in the interests of the law.

Ends The Quest
For the Best

**FOOD IN MILK**

In 100 pounds of pure whole milk there are 87 pounds of water and 13 pounds of food substances, of which nine remain in skim milk.

It is these nine pounds of food, with nothing added, that make Golden State Powdered Skim Milk.

For food value no other proteins equal casein and albumen of milk.

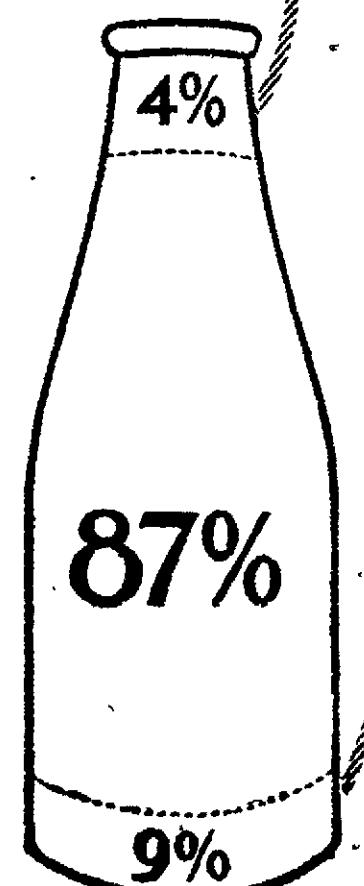

No other carbohydrate is as good as sugar of milk. Potassium, iron, phosphates and lime in abundance for bone building are in milk.

These are all in dry skim milk; none are eliminated or affected when cream & water are removed.

The dry form means convenience and perfect assurance of purity. You add the water as you mix it. If you want all the richness of fresh whole milk in cooking, add the required amount of butter.

Golden State Powdered Skim Milk is made in Humboldt County in the same creameries that make GOLDEN STATE BUTTER.

Ask your grocer for it.

Interesting Facts About PEANUT BUTTER

Peanuts, after being roasted, absorb dampness in the course of 48 hours. While being chewed they are spongy and the flavor is flat, and within another 48 hours the peanuts taste as if they were mouldy. So, even if you do get your peanut butter ground fresh before your eyes, you are liable to get peanut butter made of peanuts that are roasted several days or a week before being made into peanut butter.

The only way to make peanut butter ground and churned fresh is to also roast, cool and blanch (remove skin and germ) and make into peanut butter then and there. We, the Missouri Boys, show you the raw stock from start to finish. Some people buy peanut butter in barrels and have a machine grinding a few pounds just to lead the onlooker to suppose that the butter is being freshly made. Try a small purchase of this butter, then try the Missouri Boys and see for yourself.

Do you know it's a fact that there are 35 varieties of peanuts and four grades to each variety? Of course we must take the best grade and know how to blend the several choice varieties to get the highest food value, together with the pleasant taste.

Stop Saturday and see us operate; bring your jar and get a small order or buy our 25c jar for trial.

RISQUE JOKES TONED DOWN BY COLLEGE PAPER

BERKELEY. Sept. 3.—Somewhat toned down because of a recent presidential edict to keep "naughtiness" from between its covers, the Pelican college comic monthly, appeared today.

A drawing shows the country dad of a freshman getting his first glimpse of college girl styles. "Well father, did you ever see anything like U.C.?" asks the son. "Like I see?" refers to the dad taking in the short-skirt passing. "Well, umm, no. Not exactly."

Fraternities come in for a "ragging," the recent "Duke" scandal containing some quips at the expense of the Greek letter men.

Some of the jokes culled from the pages follow:

"First Blonde—I see you've got a new man—the one with the close hair-cut; who is he?"

"Second Dizzy—He's not a new one; just my old one trimmed over."

Suffragette—A woman should set a man's pay.

Voice in the rear—Most of 'em do."

She—How do you like my new dress?

Her—A woman is to a man what ivy is to a wall. The more ruined he is the closer she clings to him.

Him—Yeah, and the closer she wants to hit the more he is ruined.

Nina Olga Cornelia O'Farrell La Rue Has a shriveling, she terms quite "pinkeye-hon."

But her pleasure is utter When the bunch-bums will mutter, "Aba, Miss La Rue, I see you."

Irreconcile—Does she dance badly?

Quantitative—Yes, if the chaperones aren't looking.

Acting Governor Young Is Given Rebuff by Justice

Acting Governor C. C. Young of Berkeley met with a rebuff today when he sought to save Otto Bell, a San Diego dentist, from serving a ten-day term in jail for speeding an automobile in Orange county.

Young, according to word from Santa Ana, tried to have set aside a sentence imposed by Justice Cox of that place. A blunt refusal was the reward for his pains.

Justice Cox replied to Lieutenant Governor Young's statement, saying that if more such sentences were imposed in California deaths and injuries in large cities as a result of automobile accidents would be greatly reduced; it was intimated that, so far as Orange county authorities are concerned, Bell will have to serve his time.

RISKIN DENIES CONVICT'S STORY

TWO BODIES ARE TAKEN FROM BAY

The defense in the trial of Samuel Riskin, pawnbroker, charged with receiving stolen property, today sought to impeach the story of James Carney, brought from San Quentin to stand trial.

Carney is alleged to have stolen a quantity of silverware from the home of Aaron Schloss, 2208 Claremont avenue, Berkeley, and sold it to Riskin. He claimed Riskin knew the goods were stolen and told him to sign any name he wished in the book kept by the police.

Judge W. H. L. Horwitz, refusing to admit the defendant, said in his opening statement that he would prove the pawnbroker had no knowledge that the goods were stolen and placed A. Horwitz, clerk for Riskin, on the stand to contradict Carney. Horwitz said he heard the conversation and that it was limited to a brief colloquy in which Riskin offered \$2 for the silverware, nothing being said to indicate that the boy was to be paid.

Police Inspector R. R. Mehrtens of Berkeley preceded Carney on the stand. He told of finding the goods in Riskin's establishment and said the entry in the book was not in accordance with the requirements.

Navy Award Makes Moderate Increases

WASHINGTON, Sept. 3.—The award of the navy wage board makes only moderate increases. Secretary of the Navy Daniels announced today. The secretary is expected to make a decision on the award within a day or two. He indicated very

C. H. Jenkins and Edward Crocker, sailors, who were arrested in Oakland a week ago on a charge of petty larceny, will be returned to federal authorities at Mare Island. They were accused of stealing a suitcase containing clothes from a local check room.

MOTHER'S PLEA GETS STUDENT COURT'S MERCY

SAN FRANCISCO, Sept. 3.—Moved by a mother's appeal in behalf of an erring son, United States District Judge Maurice T. Dogting today sentenced Ralph Stitzer, a former University of California student, to serve one day in jail and to pay a fine of \$150 for forging the signature of a fraternity brother to a fraternity order, \$25.

Stitzer recently had been living at the Theta Xi fraternity house in Berkeley. He is alleged to have stolen the order from Frank Osborne, a member of the same fraternity. He was arrested in Winnemucca, Nevada, and brought back to San Francisco.

The boy's mother appeared with him in court today and after calling attention to her son's age, asked that clemency be given, with the understanding that she would see that he atoned for his illegal act.

Dr. Wheeler to Talk At Scouts' Bean Feed

Zenith Ide Wheeler, president emeritus of the University of California, will be the principal speaker at the annual fall rally and bean feed of 150 Piedmont Boy Scouts and their fathers tonight at the Piedmont church, Mountain and Highland avenues.

Wheeler's subject will be "The Greatest Profession in the World, Being 'Father.'"

Other speakers will be Joseph J. Rosborough, Oakland postmaster, and Phil Koerner, former first baseman of the San Francisco Seals. The scouts will review their songs and stunts.

The affair is being arranged by George Kenopolis, field executive of the Boy Scouts in Piedmont. It is estimated that 300 will attend the supper.

The evidence showed that Jones had two bottles of wine and three bottles of whisky in the car when arrested. Witnesses testified that Brown was intoxicated when his machine crashed into another automobile.

Jury Finds Driver of Auto Was Drunk

George Jones, colored, was today convicted of driving an automobile while intoxicated on May 31 on the road near Santa Rita. The jury brought in verdict after three hours' deliberation. On motion of Attorney Stanley Stearn, Judge W. M. Conley allowed the case to be submitted to the probation officer for disposition.

The evidence showed that Jones had two bottles of wine and three bottles of whisky in the car when arrested. Witnesses testified that Brown was intoxicated when his machine crashed into another automobile.

Huerta Refuses to Retain Presidency

MEXICO CITY, Sept. 3.—Provisional President De La Huerta has rejected demands by the leaders of the National Republican Party that he continue in office and ignore the result of the election to be held on Oct. 10.

The National Republican party is supporting the presidential candidacy of Alfredo Holtz Dominguez, and claims General Alvaro Obregon is ineligible to assume office.

"I cannot be a traitor to my party, my principles or my country," was the provisional presidential answer, "and will turn over the office to the candidate winning at the polls."

Parking Camp Not to Be Removed

In order to preserve the park for tourists, the board of park directors at a special meeting yesterday afternoon adopted a resolution placing a limit of ten days on the parking of vehicles in the newly established Diamond parking camp. The action of the board followed information given the directors that parkers were making the place a permanent camp, some of them even establishing temporary homes there and sending their children to school from the camp. The site will be preserved solely for the parking convenience of tourists.

Mary Garden Hurt, Narrowly Escapes Death in Waves

(By International News Service)

PARIS, Sept. 3. Mary Garden, famous American opera singer, was slightly injured while bathing on the Mediterranean beach at Monte Carlo and narrowly escaped drowning, said a Monte Carlo despatch today.

Begin taking S.S.S. today and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Address Chief Medical Advisor, 525 Swift Laboratory, Atlanta, Ga.—Advertisement.

HUSBAND PLANNED TO BURN HOME, IS WIFE'S CHARGE

district attorney of Orange county, who promptly referred the matter to Justice Cox.

"Hon. L. A. West, District Attorney: it has been reported to me that Justice Cox has imposed an unduly severe jail sentence on one Dr. Bell for speeding." The case has been called to the attention of the local police bureau.

Justice Cox replied to Lieutenant Governor Young's statement, saying that if more such sentences were imposed in California deaths and injuries in large cities as a result of automobile accidents would be greatly reduced; it was intimated that, so far as Orange county authorities are concerned, Bell will have to serve his time.

Lieutenant Governor Young sent the following message to L. A. West, to serve his time.

MAYOR LINKS LABOR DAY AND LAFAYETTE FETE

ALAMEDA, Sept. 3.—Soaking their house with kerosene preparatory to setting it afire, Gus Handman, truck driver, drove his wife, Mrs. Isabelle Handman, an expectant mother, to the police for protection this morning, according to charges made by the police. Mrs. Handman is held under a \$1000 bail, which he has been unable to furnish. His wife, Angeline Vaughn has assumed charge of Mrs. Handman.

Locking her clothes up to prevent her leaving the house, constant threats against her life since their marriage fourteen months ago, quarrel following the wife's pleas that Handman should properly bathe, have made the stormy course of their wedded life, according to the story, which Mrs. Handman related.

The domestic tragedy culminated yesterday when the alleged attempt was made to burn their home. According to the wife, the act was committed while Handman was intoxicated. She charges him with frequent intoxication. Promiscuous throwing and punching of anything within his reach when angry is alleged to be the young woman who is accused of having caused the husband to commit suicide.

To find refuge from Handman, Mrs. Handman several days ago left her home to reside with a friend, Mrs. J. J. Arada.

Intervention in Smith Suits

Marking a new step in the litigation concerning the United Properties company which has already been in the courts for more than two years, Judges A. F. St. Sure and Joseph Koford are hearing demurrers to the complaints of several alleged creditors.

With the suit of E. J. Burkhardt to recover approximately \$200,000, filed in intervention by Ellen Kibbe for \$10,000 and D. Knabell and Caroline Eppelberger for \$80,000 have been filed. The defendants, which include the United Properties company, the Mercantile Trust company, F. M. (Borax) Smith and others, have filed demurrers to the action. Burkhardt is represented by Attorney H. W. Erskine.

Besides numerous technical objections, the defendants have demurred on the ground that the plaintiffs have sued for a large amount of money and the claimants because they are making payments on an automobile for pleasure purposes, the court immediately decided otherwise. Judge Koford also changed his mind about letting Oliver pay attorney's fees later and ordered Oliver to pay \$100 at once.

The suit for divorce instituted by Mrs. Emma T. Oliver was made public today for the first time when opened in court as the complaint will be placed in the secret file. Mrs. Oliver charges that her husband deserted her March 2 to live with another woman. Mrs. Oliver alleges that Oliver told her that this woman was willing to give him her "soul and body for a crust of bread."

The suit for divorce instituted by Mrs. Emma T. Oliver was made public today for the first time when opened in court as the complaint will be placed in the secret file. Mrs. Oliver charges that her husband deserted her March 2 to live with another woman. Mrs. Oliver alleges that Oliver told her that this woman was willing to give him her "soul and body for a crust of bread."

BUYER OF AUTO FOR PLEASURE MUST PAY WIFE

When Frank D. Oliver, employed as an elevator company, told Judge Dudley Kinsell today that he could not pay his wife \$50 monthly temporal summons because he was making payments on an automobile for pleasure purposes, the court immediately decided otherwise. Judge Kinsell also changed his mind about letting Oliver pay attorney's fees later and ordered Oliver to pay \$100 at once.

The suit for divorce instituted by Mrs. Emma T. Oliver was made public today for the first time when opened in court as the complaint will be placed in the secret file. Mrs. Oliver charges that her husband deserted her March 2 to live with another woman. Mrs. Oliver alleges that Oliver told her that this woman was willing to give him her "soul and body for a crust of bread."

Dr. Wheeler to Talk At Scouts' Bean Feed

Zenith Ide Wheeler, president emeritus of the University of California, will be the principal speaker at the annual fall rally and bean feed of 150 Piedmont Boy Scouts and their fathers tonight at the Piedmont church, Mountain and Highland avenues.

Wheeler's subject will be "The Greatest Profession in the World, Being 'Father.'"

Other speakers will be Joseph J. Rosborough, Oakland postmaster, and Phil Koerner, former first baseman of the San Francisco Seals. The scouts will review their songs and stunts.

The affair is being arranged by George Kenopolis, field executive of the Boy Scouts in Piedmont. It is estimated that 300 will attend the supper.

Two Injured When Steering Gear Breaks

SAN FRANCISCO, Sept. 3.—Two youths were injured severely today when the steering gear of the automobile in which they were riding broke on the south city highway near Holy Cross Cemetery, causing the vehicle to capsize. The occupants of the machine were thrown clear.

Those injured were F. Hagan, 20 years old, 141 Prentiss street, lacerations of the scalp, sprained back, cuts and bruises; M. O. Kelley, 22 years old, 19 Santa Marina avenue, bruises and contusions, broken right ankle.

Wife Gets Divorce Decree With Alimony

Judge Dudley Kinsell today granted an interlocutory decree of divorce to Mrs. Madeline C. Barker from Erle P. Barker, son of a Los Angeles merchant. With the decree was entered an order as agreed to by Barker that he would pay his wife \$150 a month maintenance and give her custody of the children, Florence, 3, and Donald, aged 2.

Two Suspects Chased and One Is Captured

Clyde Shove, shipyard worker, was arrested last night by the Oakland police at Thirteenth and Grove streets after a chase of several blocks.

According to the police, Shove was attempting to rob the home of John Morton in company with another man, Morton, who resides at 641 Eleventh street, discovered the man and gave chase. Patrolman Dan Flemming joined in the pursuit with the result that Shove was arrested. Shove's companion escaped.

GRADE CROSSING DENIED

SAN FRANCISCO, Sept. 3.—Until the traffic conditions through the subway at Macdonald Avenue, in Richmond, have been given a thorough tryout, the State Railroad Commission will not look with favor upon the opening of a grade crossing over the tracks of the Southern Pacific at Belden avenue. The commission, however, deems in a decision handed down today, denying the application of the city council of Richmond for authority to construct the grade crossing.

MINERS APPEAL TO U. S. PRESIDENT

SCRANTON, Pa., Sept. 3.—International officers and district presidents of the United Mine Workers of America in session here this afternoon sent an appeal to President Wilson to reopen the anthracite coal miners' award.

WASHINGTON, Sept. 3.—On orders of Secretary of Labor Wilson, the division of conciliation, labor department, today called to Washington three conciliation commissioners to be prepared to act in the anthracite coal strike now in progress.

Secretary Wilson himself is now in Clearfield district of Pennsylvania studying the strike conditions.

POTTSVILLE, Pa., Sept. 3.—News of the signing of the mine wage award by the scale committee at Scranton last night failed to affect the lower anthracite region today. Reports from operations in District No. 2 were that no men had appeared for work and that all colliers were idle.

WILKES-BARRE, Pa., Sept. 3.—The "vacation strike" of coal miners in District No. 1 continued to spread today, according to insurgent leaders.

It was asserted the ranks of the miners had been swelled by thousands of "united vagabonds" from outlying sections of this district. Claims of the strike leaders were not asserted by officials of the coal company officials that the situation had grown no worse.

WOMAN CHARGES ROUGH HANDLING

J. W. Musselman, manager of a local printing plant, was arrested this morning on a charge of battery sworn to by Mrs. Francis Alethea Head, who alleged that during a dispute over the printing of a book she was roughly ejected from the plant by Musselman.

Musselman, who was released on \$30 bail, said that he had merely taken Mrs. Head by the arm and led her out of the plant. He said it was necessary to remove her owing to the disturbance she was creating.

MILLIONAIRE LUMBERMAN DIES

ESCANABA, Mich., Sept. 3.—J. K. Stack, millionaire lumberman and financier, died yesterday of heart failure. He was president of what is said to be the largest paper and lumber concerns in the middle west.

LITERATURE OF BIG PARTIES IS GIVEN STUDENTS

BERKELEY, Sept. 3.—Campaign literature for the nominees for the presidency is distributed to the students at the University of California. Through the club organizations, whose members of the faculty and student body have built up to assist in the campaign work, thousands of blotters, handbills and pamphlets are being given out daily. The contest between two groups of students has become heated, each trying to make a better showing than the other. The Democratic started the affair by mailing out 1,000 blotters and bills to those entering Sather Gate, and the Republicans, not to be outdone, today distributed copies of the Republican platform to thousands of collegians.

AUTOIS ON TRIAL

Charged with driving an automobile while intoxicated, George Jones, a place man who before the election Conley today, Attorney Frank Carr and Stanley Stearns are defending, and Deputy District Attorney Snook prosecuting.

STATE BEE MEN INVITED TO CITY SPORTSCARNIVAL REUNION PLAN

The Alameda County Beekeepers' Association has sent an invitation to the California State Beekeepers' Association to hold its next annual meeting in Oakland. Accompanying the letter sent by the county association to the state association was another from the Oakland Chamber of Commerce, which endorsed the invitation and urged acceptance for various reasons. Local enthusiasts of bee culture are planning a unique program in case the invitation is accepted by the state association.

Sports Varied for Alameda County's Labor Day Outing

The national holiday of organized labor will be celebrated next Monday in the East Bay region with elaborate festivities at Idora park. Thousands of families, whose breadwinners make up the 40,000 membership of the Political Federation of Labor of Alameda county, will assemble at the park where a varied program of outdoor sports and games has been arranged.

Labor Day events are in the hands of a general committee composed of representatives of the Central Labor Building Trades and Metal Trades Council. Samuel Donahue, official of the Building Trades Council, will be chairman of the program committee. One poster that attracts attention shows the tall, old abalone glass with the sugar spoon across the top and the words "Painful." According to the ad, the spoon represents the pain of taxation again, in state or in local government. Senators who questioned the government on the subject during a recent session were promised vigorous prosecutions.

Other contests planned and which is creating the greatest interest among union enthusiasts is the riveters' throwing contest which will be participated in by rival teams representing the boilermakers and structural iron workers' unions.

Another contest which is arousing interest is the "business agents' race." This race will be taken part in by business representatives of all the unions making up the Political Federation.

The pie eating contest is another item on the program which is expected to furnish entertainment. The watermelon eating contest will be free for all men, women and

COLLEGE WOMEN OUTLINE WORK

Thirteen departments have been organized under the College Woman's Club which yesterday held its first meeting of the year in the University Club. Women's Christian Association, Building on Alston Avenue, in Berkeley with Mrs. Thomas W. Reed presiding. Department chairmen have been named as follows:

Social welfare, Mrs. Zoe Larkins Woolsey; Stanford University, Mrs. Cornelia Tibbitts, Milwaukee; Americanization, Mrs. Eugenie Cotter, U. C.; fiction, Miss Caroline Bates Singleton, Wellesley; art, Miss Alice Bird Claves, U. C.; physics, Margaret E. May, Wellesley;

U. C. music, Mrs. Eva Birrell Satt, U. C.; music, Mrs. Helen Cooper Douglas, U. C.; International relations, Miss Henrietta Thompson, University of Geneva; scholarship, Miss Deborah Hathaway Calkins, U. C.; athletics, Mrs. Elizabeth Burnham Hill, U. C.; entertainment, Mrs. Dorothy Doyle, U. C.

"An Old Fashioned Party" in the Twentieth Century clubhouse on Derby street in Berkeley is announced by the College Woman's Club for Friday evening, October 3.

POLICEMEN ASK MOVIES NOT TO BURLESQUE THEM

KINGSTON, N. Y., Sept. 3.—Responsible motion-picture producers not in burlesque pictures were adopted at the annual convention of the New York State Policemen's Association here.

The pie eating contest will be free for all men, women and

youths will be allowed to participate. A special contest for children is the spoon and egg race.

The races will be required to carry eggs, spoons the length of the running course.

The "shoe race" will be for boys

and girls.

Bend News-Times. The groom said his age as 30 and the bride as 18.

ELECTION FRIDAY

Oakland council 733, Security Benefit Association, successor to the Knights and Ladies of Security, will elect their officers tonight for the ensuing year. Previous to the election there will be an initiation of a large class. A banquet will follow.

ITCHING RASH ALL OVER BODY

Burned Dreadfully, Lost Rest Cuticura Heals.

"I had an itching rash on my back and shoulders which was very irritating and tiresome. It kept spreading all over my body and broke out into sore eruptions. They caused itching, and when I would rub or press them they burned dreadfully and I could not enjoy a night's rest."

"I had given up hope when I tried Cuticura Soap and Ointment, and it was about four to six weeks before I was healed, after using eight boxes of Soap and three boxes of Ointment." (Signed) Miss Mae Bennett, Valley, Washington.

Cuticura Soap, Ointment and Talcum promote and maintain skin purity, skin comfort and skin health often when all else fails.

STATE GOLF TOURNEY OPENS AT DEL MONTE TOMORROW

THIRTY-TWO FREMONT HIGH RUNNERS WILL COMPETE IN TRIBUNE MERRITT MARATHON RACE

NORTH AND SOUTH TO CLASH SUNDAY FOR TEAM CHAMPIONSHIP

"Dark Horses" Galore Entered; Jack Neville to Captain the Northern Team.

DEL MONTE, Cal., Sept. 3.—Entries for the California State Golf championship, which opens over the Del Monte and Pebble Beach courses tomorrow, give promise now of numbering 225. There is also a possibility that if all entries can be accepted that the number will reach 250.

The previous record number of players in competition for the state title of California was 180, which gives a good idea of the growth of the game in the last year.

Entries are also coming in for the Del Monte Women's championship in numbers. All indications point to at least 80 to 100 in the qualifying round at the Del Monte course next Wednesday. Practically every section of the state will have one or more representatives in the competition and invitations are being extended to a dozen or twelve golfers from out of state.

In the main, Oakland, San Francisco and Los Angeles are going to have the call in the matter of the most prominent contenders for the title. Outside towns, however, will have their champions in action and there is no saying what may happen.

Promised, for instance, is a delegation in person of Elliot Calander, Sacramento has the long but erratic hitting Jess Childs, San Jose will furnish the two veterans of many hard contests, and on the East, Fred Orkine and E. K. Johnston, San Diego has Bobbie Newell, Stockton has W. G. Hunter.

Going over the list of over 200 players it can be seen that the contest for the golfing honors this year is indeed a big one.

The tournament will be ushered in tomorrow with a special Match Play versus Par competition. The team meeting with the North and South comes on Sunday, Sept. 7, to compete the big day for the qualifying round on Monday and Tuesday with matches to hold forth until the final big match the following Sunday.

Jack Neville's record of 70 for the Pebble Beach course has been bettered by the young local pro, Monte Dutro, who rounded the 18 holes in 69 strokes.

Oakland Golf Club is anxious to play home and home matches with the Del Monte club, and the founders of the new committee of the tournament and handicapping committee, will be glad to arrange suitable dates after the Grace cup event on Sept. 10, when it will be played for on the 18th and 19th.

This handsome trophy was presented to the club by W. R. Grace & Co. for courtesy extended to them in their recent tournament, which was played over the California course.

AND GOLF NOTES—SPTS—

Mr. Diablo Country Club is having two separate golf tournaments over coming holidays. The one on Sunday, Sept. 7, is an eight-hole event against par. On Monday, September 8, the play will be at eighteen holes, medal scores.

Mrs. Luther Kennett, present State title holder, will head a representative delegation of women golfers from the south and north to meet us up with Mrs. Ethel E. Lee, Miss Edith Cheesborough, Mrs. C. F. Ford, Mrs. A. Roos, the Hammett sisters and many others.

BASEBALL GOSSIP

The Vernon Tigers gained a full game in the race for the pennant by beating the Seattle club 10 to 9, while the Angels were taking another fall out of the West Salt Lake.

For five innings the fans at Salt Lake witnessed a pitching duel between Artie Gould and Letty Thomas, but the Angels got busy in the sixth and put over two runs. They added two more in the eighth. The final score was 5 to 3.

"Red" Brubaker played another errorless game at short for the Oaks. He also got a pair of hits.

Charley Graham must have called his Seals on the carpet, for they were out on the local field yesterday night, but the Beavers showed the first two days against the Beavers. They beat the Beavers 6 to 2.

Jim Scott pitched a fine game for the Seals and maybe that accounts for them showing so much pep. Scott allowed nine hits, but they were scattered except in the sixth and seventh innings, in which time the Seals held a commanding lead.

The Seals stopped off Kallie's for a rain delay, but in the fifth, "Red" Sutherland pitched the last two innings and was picked for the other three runs.

Art Koehler, the Portland catcher, was charged with a "skill play" in the fourth inning and he started the Seals on their way. Welsh and Agnew got singles to open first and second, but Koehler and Connolly were already occupied. But Koehler forged himself and threw the ball toward first and hit Connolly and rolled into right field. Welsh scored and Blue recovered the ball in time to throw Agnew out at the plate.

Local fans will get two more chances to see the Seals in action with the Beavers. They play here again next Sunday morning at 10:30, and will do likewise with the team here Monday morning. Following Monday, the Seals will go to Salt Lake, while the Oaks will come home for a series with the Rainiers. The Seals and Oaks meet here the following week.

The number of Oakland ball fans cannot wait until next Tuesday to see the Oaks play at Recreation Park, and the fans will make the trip to Sacramento next Sunday to see Howard's men bathe the Coyotes. Pop Boyer, the news vendor, will lead the gang. The Oaks still have a loyal supporter in Pop Boyer.

Eighth Annual Tribune Merritt Marathon

(Sanctioned by P. A. A. of the A. A. U.)

Twice Around Lake Merritt, Oakland, Calif. Distance 6½ Miles.

ADMISSION DAY, Thursday, Sept. 9, 1920, 10 a. m.

Sporting Editor TRIBUNE:

Please enter me in THE TRIBUNE'S "Merritt Marathon."

Name Address

Club or School P. A. A. Reg. No.

FREMONT HIGH TRIBUNE MARATHON TEAM

Reading from left to right, sitting—R. Stenzel, A. Wherry, A. Foster, H. Holt, H. Spring, T. Hayden, R. Jones, A. Vantier, D. Gibson, W. Jordan, A. Pezolt; (kneeling) A. Allison, W. York, E. Hopkins, A. Olafson, J. Neal, W. Adams, G. Ferris, A. Ballifinch, W. Rowland, P. Hagen. (Standing) R. Barnes, C. Holmes, H. Stenzel, E. Ferris, C. Junta, C. Redman, E. Odland, F. McNamara, S. Herd, H. Hackett, J. Prell.

OTHER HIGH SCHOOLS WILL HAVE CAPABLE TEAMS IN THE RACE

Last-Minute Entries Will Bring Out a Record List of Runners for Athletic Classic.

By DOUG. MONTELL.

Did we remark a few days ago that there was someone holding back a whole bunch of entries for the Eighth Annual TRIBUNE Merritt Marathon? Guess we weren't so far wrong when Clarence Street, of Fremont high school walked into the office yesterday afternoon and entered in bulk thirty-two (count 'em) of his best Fremont high athletes. This move on the part of Street sort of puts Ritter, Bleese, Bock & Co. at a disadvantage for with the Alameda county high schools engaged in keen competition for the team prize, the move on the part of Fremont high school puts that institution way in the lead, and at that only two days before the entries are due to close.

The only chance the rival schools have is in case the other coaches have some such card up their sleeves with which to match the move of Street of Fremont. Should Alameda, Oakland Tech and Oakland High schools have the same idea, it will be interesting to pour in tomorrow, the situation would once more be even, but today does look as though the entries are going to close with Fremont holding a certainty to capture team.

Now, out of bounds rule will be the cause of a good deal of trouble as it has been practically suggested to clubs that they make local rulings to modify the rules of stroke or distance and just when to draw the line in local rule making is the critical question now before the clubs. Where fairways are narrow and the ball goes off the green, the penalty of stroke and distance is too severe, but where out of bounds limits are at a greater distance from center of fairways the penalty should be applied upon it in new and severer form.

The unplayable ball is now treated the same as a lost ball, but has more stringent rules than the old rule, and an unplayable ball can be found in bunkers, on fairways and in the rough, but the penalty is the same in all cases and applied to both match and relay play.

New rules received out west are inaccurate, and rule No. 6, which reads "a ball must be played where it lies or be deemed given up," will have to be adhered to.

The new stymie rule is not likely to be as popular as time goes on. A stymie laid from off the green which is within the 20 yards magic circle players will be given a free drop and may shoot. Otherwise their opponent may claim a stymie should be played. When in reality the player could concede the ball to his opponent and have a clear putt for himself.

The new standardized ball will not be enforced until May, 1921, giving manufacturers time to make new and improved models. Practically 75 per cent of the balls on the market today are too heavy and about the same proportion are off the green, though in the latter case, alteration is not necessary as the new rule reads "the diameter shall not be less than 1.62 in. The first part of the rule reads that the weight shall not be greater than 1.62 oz."

Legion Team Hangs Defeat on Hayward

The American Legion team of Oakland suffered another defeat at the hands of the Legion team of Hayward, Calif., Saturday night. Frank Lafarge was forced to pitch at his best, as the Legionaries were forced to their backs, had to work, and Shestopoff had to catch and he caught the big stuff. In the first and second innings, the Legion team won the hitting feature, while the work of Peterson and Nichols at the third round were the fielding features.

The score was:

Two Million Dollars on Wheels

In each 24 hours 636 trains arrive and leave Key Pier,—It's an average of about one train every two minutes, day and night.

But they don't run that way.

All the experience and skill of 2,500 officers and employees is bent to meet the greater problem of transportation when the public wants it,—the heavy flow of travel each morning and each night.

Traversing seven different routes, with 4,224 train miles [7,974 car miles] and 3,074 boat miles; more than 42,000 passengers each day, year after year, expect and receive fast and punctual Key System Trans-Bay service in a territory of 89 square miles.

You have a stake in this service.

Its efficient maintenance means your convenience, your efficiency, your safety, and to a degree, your personal prosperity.

It cannot be maintained at less than cost, nor expanded as a losing proposition.

We have no source of revenue except fares.

San Francisco-Oakland Terminal Railways

Free

—if you say Rainier is not the superior of any other cereal beverage you ever tasted!

Here is one of the most daring offers ever made. If we are wrong we stand to lose a fortune. If we are right, our product should receive your preference. We appoint you judge and jury. Your decision will be final.

Our startling proposal

Go to any dealer and buy two bottles of RAINIER. Take them home. Cool them properly. Enjoy the beverage—compare it with any other cereal beverage you ever tasted. Have others try it. Get their opinion. Then, if you think you have ever tasted a beverage that surpasses it, mail us the caps of the bottles, with your name and address, date of purchase, and name and address of the dealer from whom purchase was made, and we will return to you, without question or quibble, the sum you spent for it.

A fortune involved

If we were not reasonably sure of our ground, it would be the height of folly to make this offer. The millions of people to whom this offer will eventually be made could easily take a fortune from us. Our product, however, is such a superior article that we feel we are taking no more than an ordinary business risk. Our opinion is that RAINIER has no equal among beverages in the world.

Accept our offer at once

Our offer is so unusual that all should accept it. If RAINIER is found inferior, you get every penny of your money back. If superior, you are enlightened as to the proper brand of cereal beverages to demand. You win either way. You take no risk whatever.

You will find RAINIER wherever good things to drink are sold. The bottles contain two standard-size glasses of beverage. Remember this daring offer holds good for ten days only.

Supervisor Ayer, San Jose, Is Fired on by Fleeing Burglar

Letter, Unmailed, Rememb-
ered by Wife, May Have
Saved Life.

SAN JOSE, Sept. 3.—Police and deputy sheriffs today are continuing their search for a burglar who disappeared last night after firing a shot at Supervisor Henry Ayer.

The thief was surprised at work in the Ayer home by the return of Mr. and Mrs. Ayer from the theater and fired the shot while Ayer was pursuing him down the street. The official then stopped the chase, picked up a flashlight which the man had dropped in his flight, and returned to the house.

Deputy sheriff who investigated the robbery stated that Ayer's life probably was saved by the fact that Mrs. Ayer remembered just as she stepped on the front porch, that her husband had failed to post a letter. While she waited on the porch Ayer went across the street to a letter box. This gave the burglar, who was in the house, an opportunity to dash out of the back door. Ayer fired immediately and shouted for him to stop, at the same time dashing in pursuit. The man dropped a flashlight, then wheeled and fired a shot, the bullet barely missing the pursuer.

Entering the house Mr. and Mrs. Ayer discovered that the place had been ransacked thoroughly. The silverware had been carefully sorted, the better pieces being laid on a bed alongside of a grip. Cupboards, sideboards, dressers and bureaus had been searched and their contents thrown about the room. A valuable overcoat had been placed on the bed ready to be carried away.

Ayer stated today that a gold watch, an Onyx bar pin set with pearls and a set of earrings to match were the only articles of jewelry missing.

WITNESS CLEARS MURDER MYSTERY

SAN FRANCISCO, Sept. 3.—The mystery which has plagued the city of San Francisco Schmidt and Gertrude Johnson, whose bodies were found in a house at Santa Cruz, was cleared yesterday when Alma Lewis, a German servant girl, is alleged to have confessed she was one of the two women in the house at the time the tragedy occurred. She claims Johnson shot Schmidt during a drunken quarrel over a glass of beer and that they committed suicide.

According to her story, she and Lillian Johnson, Schmidt's maid, the German, Santa Cruz, had been with the men all evening, first taking an auto ride and then going to the house. She says that the trouble occurred when Schmidt insisted upon Johnson drinking a glass of beer.

A quarrel followed, and she saw Johnson had a gun. She warned Schmidt, she says, whereupon Schmidt threatened to kill her. At that she ran from the house and heard a shot. Another followed a few moments later. When leaving the house she says she saw Schmidt lying upon the floor and could hear Johnson gasping.

She says she and her companion ran from the house and did not notify the police, fearing the consequences and the notoriety.

Court Denies Plea to Prevent Discharge

WASHINGTON, Sept. 3.—Application for an injunction to prevent discharge by the Old Dominion Railway company of certain employees because of union affiliations, was denied by Justice Suddards in the Supreme Court of Appeals.

The transportation act, the opinion stated that if the legislation "undertakes to restrain the power of employers to discharge their employees for joining a labor union, the act would then appear to come within the denunciation of such legislation in the opinion of the supreme court."

The right to labor was an individual right which carried with it the right not to work, Justice Suddards held.

The opinion added that the supreme court of the United States had upheld also the right of the employer to impose conditions upon those who seek employment.

Alaska Offers Big Supply of Pulp Wood

JUNEAU, Alaska, Sept. 3.—Wood for making 2,000,000 tons of paper annually—about one-half the present consumption of the United States—can be furnished by Alaska's forests without depleting them, Colonel W. B. Greely, Washington, D. C., chief of the United States Forest Service, said while he recently visited the state.

Greely said while he recently visited the state, he found that the mills could be operated year after year in Alaska.

Forest Service officials estimate the growing new timber would be sufficient to replace that taken out by the mills.

Colonel Greely, accompanied by George H. Cecil, of Portland, Ore., district forester for the North Pacific District, and other Forest Service men, spent several days here looking over the highway and timber situation.

Sell Girls for Food in Famine-Mad China

PEKING, Sept. 3.—Girls are being sold by their parents in famine-stricken districts a short distance south of Peking, according to advertisements received here.

Girls 10 years of age have been sold for \$10, it is reported in a petition for relief received by the ministry of the interior.

Famine conditions are due to drought, visitation of locusts and the recent devastation wrought by fighting troops.

Big Royalty Reported for Gas Substitute

EUREKA, Sept. 3.—R. J. Myers, Fortuna garage man, who holds a patent in a formula for a gasoline substitute, was reliably reported here last night to have received \$250,000 from eastern men now in San Francisco in part payment for the rights to his discovery. His manager, George Graves, Fortuna newspaper man, is to receive a royalty of 1 cent a gallon, it was said.

TIME CHANGE URGED.

BOISE, Idaho, Sept. 3.—Hearings were opened here today before Commissioner Hall of the Interstate Commerce Commission to have Idaho placed back on mountain time. Idaho is now on Pacific time.

INDUSTRIAL NEWS LAST WEST SHIPPING DAYS IN WORLD OF FINANCE

U.S. TRADE TO BE GREATLY EXPANDED

Many changes are notable in the market exchanges of commodities as a result of the new order of things. For instance, the United States was never before expectant of getting so much wool from the production of woolen fabrics, much less of silk fabrics, and yet the present trend of foreign trade strongly denotes that the volume of our exports of these fabrics is likely to increase in these hitherto scarcely dreamed of fields of commerce and trade.

It is, of course, true that to a considerable extent depleted stocks in the war-waged nations of Europe have something to do with the unusual demand upon us. It is also true that the volume of this demand is not limited to woolens, as is shown in various ways, big because of unparalleled prices; but both these causes combined cannot reasonably be held fully to account for the new developments.

According to a statement of the National City Bank of New York, our textile exports for the fiscal year 1920 amounted to \$45,000,000, and during the first six months of 1921 were \$31,000,000 in 1919, an increase of 50 per cent over last year, and of 600 per cent over the earlier date. Our cotton and woolen shipments during the fiscal year just closed were \$36,000,000 worth, as compared with \$23,000,000 in 1919 and \$51,000,000 in 1914. Of woolens we exported \$56,000,000 in 1920, last year, and only \$21,000,000 in 1914; while in silk manufactures, for which we bring the raw material from the other side of the Atlantic, our general period \$36,000,000, as compared with only \$3,000,000 in 1914.

SUGAR MARKET

NEW YORK. Sept. 3.—Raw sugar, nominal. Refined sugar, weak at 15.00 to 17.10 for fine granulated.

COFFEE MARKET

NEW YORK. Sept. 3.—Coffees, No. 1 Rio, \$10.50; No. 2 Santos, 14¢ 15¢.

CHICAGO GRAIN

CHICAGO. Sept. 3.—Sharp advance took place in all grain markets largely as a result of bullish estimates of the amount of wheat available for export. One authority figures the total is 10,000,000 bushels, up from 10,000,000 in the same period last year. Opened quotations, which ranged from the same as yesterday's finish to 1% higher, December to \$12.50, and March to \$12.38, were followed by moderate reaction, and then by a swift general upturn that carried December to \$12.46.

Wheat, 11 1/2¢ off to 14 up, including December at \$11.84 to \$11.90, soon scored substantial gains all around.

Barley started about unchanged, December, 6 1/2¢ then sagging a little and later tending upward.

Firmness developed in provisions, particularly of grain and hogs, but trading lacked volume.

The close:

Wheat—December, 24 1/4; March, 13 1/2.

Oats—September, 13 3/4; December, 12 1/2.

Corn—September, 12 1/2; October, 12 1/2.

Lard—September, 15 7/8; October, 14 3/4.

Ribbs—September, 15 2/2; October, 14 3/4.

Wheat, 11 1/2¢ off to 14 up, including December at \$11.84 to \$11.90, soon scored substantial gains all around.

Army of Society Folk to Enter Campaign to Secure Needed Endowment

Blue Bird Day headquarters will of the society, which last year cared for and supervised 569 children. Officers of the society are: Mrs. J. Dr. Crosby, president; Mrs. R. F. Thompson, vice-president; Mrs. H. W. Taylor, secretary; Mrs. J. L. Chadwick, treasurer; Mrs. G. C. Barthart, Mrs. J. J. Brackett, Mrs. C. W. Gibson, Mrs. Effie Humphrey, Mrs. F. A. Kauffman, Mrs. Ethel J. Knight, Mrs. M. A. Lvoos, Dr. Effie Sisson, Mrs. Samuel Smith, directors.

ASKS SEPARATE SUPPORT.
Charging J. Gordon Cunningham, grocer, at 131 Park street, Alameda, with failing to provide for her child, with child for the past year, Mrs. Schil Cunningham, 2500 Noble avenue, Alameda, has filed suit for separate maintenance and custody of Reida, aged 2 years.

The Best Advertisement.
The best advertisement any merchant can have is a satisfied customer. A book setting forth the reasons. A divorce suit is pending.

Before the count met Mrs. Nixon he was playing an organ in a theater at Reno. Now he is playing in one at Los Angeles.

But a whole lot happened in between.

PARR TERMINAL DOCKS 12,000-TON FREIGHTER

With the east that forecasts the visit of others of her kind, the *Titanium*, 12,000-ton Java freighter, docked late yesterday afternoon at the new Parr Terminal on the Oakland western waterfront.

The vessel, the biggest of her type ever docked on the continental side of San Francisco, after loading a half million feet of lumber at the Parr wharves, she will sail Sunday morning for Eureka to complete her cargo before leaving for a trio of Australian ports: Adelaide, Port Pirie and Freemantle.

More than 400 feet long, with three decks to her superstructure and with four masts equipped with jibes, the *Titanium*, towering above the flat surrounding country, drew the attention of thousands of commuters on afternoon trains.

Despite her huge size, the liner was handled without incident. Within fifteen minutes after she hove to a few feet off the terminal, she was alongside the dock with interested Oakland citizens going aboard the first vessel of her tonnage to tie up on the western waterfront.

"DRYS" WILL CONFER
Lt. A. H. Briggs, superintendent of the California Anti-Saloon League for the Northern District of California, is now in Los Angeles conferring with "dry" leaders of the south. He will return tomorrow morning and will meet with northern dry leaders at Anti-Saloon headquarters, Saturday afternoon at 2:30 o'clock.

MR. INVESTOR
You can get a job in Chevrolet Park for \$365; \$1 down and \$1 per week. Come to the big 3-day sale to be held September 4th, 5th, 6th. Advertisement.

Babe and Man Killed by Autos; Hunt Death Driver

Stanley Shaw, 4-year-old son of Mr. and Mrs. L. W. Shaw, 2000 Eighty-ninth avenue, was run down and killed last night by an automobile driven by Peter Monteverde, merchant, residing at 1624 Tyler street, Berkeley. The accident occurred at Ninety-eighth avenue and Olive street, San Leandro. Monteverde, a sunburned little fellow, the Melrose police said, is under arrest on a charge of manslaughter, told the police that the boy suddenly ran from behind a street car into the path of his automobile and that it was impossible to avoid striking him.

All efforts to locate the driver of the death car which yesterday ran down and killed John Franco, 19 years old, 930 105th avenue, have been futile. The police have searched all East Bay garages in hopes of finding some trace of the machine.

According to witnesses Franco was riding a motorcycle with Henry Beagini, 9235 B street, on East Fourteenth street near the Elmhurst car barns when a speeding automobile crashed into them from behind. The driver of the car sped away without offering assistance.

SAN JOSE, Sept. 3.—Gus Roust, a San Francisco tailor, was injured so badly that he died and Carl Sa-

She's Much Put Out by Hotel Managers

Lucille Carpenter, 21 years old, almost a co-ed, who says her father owns a mill in Seattle, is very much put out with certain Bay hotel keepers. One of them has caused her to be put in the San Francisco city prison. She is waiting for her father to send money or come and settle bills at the St. Francis and Spaulding hotels across the bay and at the Whitecotton in Berkeley. There are also some telephone bills for hour-long conversations with
